Subject: Application for Industrial Discharge (Landfill Leachate) for Casella / NCES Landfill

Hi Cameron,
Thank you for returning my call yesterday. As I mentioned, Casella is seeking approval for landfill leachate disposal generated at our North Country Environmental Services, Inc. Landfill in Bethlehem, NH. We have attached a completed application form and analytical data on a recent representative composite sample collected by our consultant, Sanborn Head. Please let me know if you need additional information to process the application.

We would like to schedule the on-site inspection as soon as possible. If you could let us know the cost and we will get the payment sent asap.

I can be reached at 802-345-1955. Thank you again for your assistance.

Karen
