RE: Withdrawal of Alteration of Terrain Permit Application  
AoT Permit Application No. 231113-224 Granite State Landfill, LLC

Dear Mr. Schlosser:

On behalf of Granite State Landfill, LLC, a wholly owned subsidiary of Casella Waste Systems, Inc. (the "Applicant"), I am writing to formally notify the New Hampshire Department of Environmental Services ("NHDES") that the Applicant hereby withdraws the above-referenced Alteration of Terrain Permit Application No. 231113-224.

The Applicant has elected to withdraw the application at this time in order to align future review of the Alteration of Terrain permit application with the timing and status of the Project's solid waste permitting process, including the standard permit application that is currently subject to appeal before the New Hampshire Waste Management Council. The withdrawal is intended to allow for a coordinated and efficient review of project-related permitting matters.

The Applicant reserves all rights with respect to the Project, including the right to submit a new Alteration of Terrain permit application or otherwise seek applicable approvals in the future, as appropriate.

The Applicant appreciates the time and attention provided by NHDES to date and looks forward to continued coordination with the Department regarding any future submissions associated with the Project.

Please do not hesitate to contact me should you have any questions.

Very truly yours,

***Toni M. King***
