Re: North Country Environmental Services, Inc. Landfill
Permit No. DES-SW-SP-03-002
Notice of Intent to Permanently Close and Closure Plan Submission

To Whom It May Concern:

Enclosed please find North Country Environmental Services, Inc.'s completed Notice of Intent to Permanently Close its solid waste landfill located at 581 Trudeau Road, Bethlehem, New Hampshire, together with a copy of the approved Closure Plan of Record dated April 30, 2026. The Notice of Intent to Permanently Close indicates December 31, 2026 as the date on which the facility intends to cease receiving waste. This decision follows a detailed evaluation of the facility's remaining permitted airspace, current and projected fill rates, and other operational factors.

Following cessation of waste acceptance, NCES anticipates undertaking a period of pre-closure operational and site preparation activities. These activities are expected to include implementation of operational measures necessary to transition the facility to closure status in accordance with the approved Closure Plan of Record.

NCES presently anticipates commencing closure construction activities sometime in Spring, 2027. The actual commencement date will depend upon site conditions and approval timeframes, contractor availability, and other factors associated with implementation of the approved Closure Plan.

Should you have any questions regarding this submission, please contact Marc Morgan at (860) 576-1709.

Sincerely,
NORTH COUNTRY ENVIRONMENTAL SERVICES, INC.

Marc Morgan
