

MCHC&M Annual Banquet and Silent Auction 2026
April 30

You will find many one of a kind items in this year's silent auction. Along with this 66 million year old dorsal vertebra fossil from a hadrosaur, there are items from local artisans made with paint, paper, fabric, wood, and metal. Popular Morgan County businesses, bakeries, and restaurants are represented along with tickets to several fun destinations. There are baskets and bags filled with items that fit your travel, car, pet, cooking, beauty, and exercise needs.

Don't miss out. These items will all be available for bidding to those who are present at the Morgan County History Center & Museum's Banquet April 30th. Tickets available at the Museum, or call 765-315-6982
