LASSEN COUNTY SHERIFF
OVERSIGHT COMMITTEE**

**2025 REPORT
JANUARY - MARCH**

Released 4/16/25

Copy: 0015

CrimeGraphics.com

CLCSOC has copies of the "Media Bulletin" data from January 1, 2025 to March 31, 2025 **and will continue to monitor this data.**

The data, in this report, has been collected from public documents and shows public crime records have been altered and deleted.

The Lassen County Sheriff's **CrimeGraphics.com** "Media Bulletin" was never meant to be an honest account, to the public, of crime in Lassen County, **just a deception.**

CrimeGraphics.com deletes up to 73% of the crimes in Lassen County

This is to create the "illusion" or perception that there is little to no crime in Lassen County

This is a **disservice to all law enforcement officers** who put their lives on the line 24/7.

This is a **disservice to the public** who think they are SAFE.

The following data will verify this deception and show that the Lassen County Sheriff & County Board of Supervisors are unwilling to tell the truth.

**The "Arrest-in-custody" posts do not match the "Incarceration" posts.
The constant discrepancies are a concern.**

TAB 3 2025 Deleted and Omitted Crime Records

TAB 3 Deleted and Omitted crime records

Arrests in the CLCSOC database, depict records that were omitted from disclosure in the "Media Bulletin" but appeared in Court records.

In order to retrieve the deleted records, a search of Court Records was needed. However, Court records of certain names were blocked. Some records have been deleted entirely.

The "Media Bulletin" reports Serious offences as "DISPOSITION: **CLOSED** OTHERWISE NO FURTHER ACTION IS REQUIRED".

This is a concern as to the actual reason **"NO FURTHER ACTION IS REQUIRED"** was the disposition

TAB 4 2025 Lassen County Arrests: January-March

TAB 4- Arrest Records: 2025 January- March

This CLCSOC data was collected from the CrimeGraphics.com "Media Bulletin" and public records.

The data highlighted in yellow represents data omitted from the CrimeGraphics.com "Media Bulletin"

CrimeGraphics.com intentionally omitted 63% to 73% of records from the public

This gives a false impression of law enforcement activity and certainly deceives the public on safety
