

Although not an all-inclusive list as the equipment and configuration on vessels varies, we have provided a “starter” list of items we recommend to be checked on board your vessel. All tasks below can be completed by the owner, or M&M Boat Services LLC can assist you with any or all of the below items.

Each Time You Get the Vessel Underway

- Check Fluids on both engines (prior to starting)
- Check Fluids on generator(s) (prior to starting)
- Test Steering lock-to-lock, transmissions, VHF radio prior to getting u/w
- Check engine gauges upon starting for normal pressures/temps, and check regularly u/w
- Upon starting Engines/Generator(s) check for leaks & cooling water flow and minimum once per hour u/w
- Check for unusual or excessive liquids in bilges minimum once per hour u/w (may indicate a leak)
- Washdown exterior of boat & clean interior (upon return)
- Remove any liquids from bilges (upon return)
- Refuel boat upon return (as needed – recommend maintain at 90%)

Weekly / As Needed Checks

- Visual Check for Leaks/Damage
- Visual Check of Salt Water Strainer(s)
- Check/Adjust Lines/Fenders
- Bilges/Ensure Pump(s) in “Auto”
- Battery Charger (if on)
- A/C Running (if left on)
- Shore Power Cable / Energized
- Clean Interior

Monthly Checks (if vessel/system used frequently can be considered as “tested”)

- Operate/Exercise anchor windlass (safety)
- Exercise Steering, lock to lock (safety)
- Test Bilge Floats / Alarms (safety)
- Exercise Sea Cock Valves (safety)
- Visual Extinguisher/Fire System Check (safety)
- Engines Start/Run - (Fluids/Pressures/Temps)
- Run Generator(s) - (Fluid Level/Pressure/Temp)
- Run Tender Engine(s)
- Operate/Exercise Tender Crane/Platform
- Run/Exercise Thruster(s) (if equipped)
- A/C Water Strainer Check/Cleaning
- Treat & Polish Fuel (if polishing system installed) OR Treat Fuel
- Bottom Cleaning & Zinc Check
- Engine & Generator Zinc Check/Replace
- Exterior Wash Down

Other Checks & Frequency:

- | | |
|--|--|
| • Wax & Buff Exterior | every 3 mon. (ideal); semi-annual (min.) |
| • Flush A/C Coils | semi-annual (ideal); annual (min.) |
| • PFDs/Flares/Throwable/other Safety Equipment | semi-annual (min.) |
| • Fixed & Portable Extinguishing System Inspection | annually |
| • Main Engine Oil/Filter Changes | per manufacturer |
| • Transmission Oil/Filter Changes | per manufacturer |
| • Generator Oil/Filter Changes | per manufacturer |
| • Engine/Transmission Oil Sample Testing | per manufacturer / as needed |
| • Fuel Filter Changes (primary/secondary) | per manufacturer / as needed |
| • Hull fittings & hose clamps (where equipped) | recommend monthly / min. semi-annual |
