

New York Hot Farm Pulling Series Club Sponsorship 2022

New York Hot Farm Pulling Series Club started in 2017 as a way of continuing the tractor pulling tradition. During an event, modified tractors pull a heavy sled along a 35-foot wide, 330-foot-long track. The tractor that pulls the sled the furthest is the winner. Our goal as a 501c Non-profit organization club is to bring pullers and tractors from all over the state together in central New York to put on a great show for everyone. As a sponsor you'll be joining a huge community of tractor pullers and fans from across central New York, as well as places in Vermont and Pennsylvania.

Sponsorship Levels

Please check only one level. If you wish to list more than one business, please copy this sheet and complete it for each additional business so the listing is correct. Thank you.
