SENIOR PORTRAITS

“A Little Fun” is the package that reminds us Senior year is worth celebrating, and to slow down and have a little fun along the way. These images provide a glimpse into your life as a Senior and are perfect for the Senior/family who want to celebrate on a slightly smaller scale, may be camera shy, or just want enough to preserve the memories and share with others.

\$275 package includes the following:

- A minimum of 5-10 images to select from

In-studio package includes:

- 1 standard backdrop, custom selected to best match not only your wardrobe, but also the tone of your desired images
- 1 outfit*

On-location package includes:

- 1 location, 2 settings**
- 1 outfit*

Products included in the package purchase are as follows (\$100 value):

- \$50 Photo print credit valid on this session only
- \$50 Digital download credit to use towards high or low resolution downloads from this session

For all packages:

*For our purposes, one **outfit** may include taking off a layer, such as a sweater, sweatshirt, blazer or jacket. A new outfit counts once a change of top and/or bottoms is required.

For on-location packages, the number of **locations is determined based on vehicle travel to one area/one parking spot. Settings within one location simply means switching area(s) within that same location where equipment does not have to be loaded/unloaded to move. Additional settings within one location would be easily walkable within the same general area, similar to switching to a new backdrop in-studio. If equipment must be broken down/packed-up/loaded/unloaded to get to a new area, that will qualify as a new location. Note, if off-camera studio lighting is not required, and natural light opportunities can be created, more flexibility in settings are available and we will proceed this way. While nearby locations may not require an additional full travel fee, set-up fees may apply when additional lighting is most beneficial to the photo image production. Please reach out to the studio if you would like to discuss a session with multiple locations, such as downtown Springfield, in order to avoid any confusion.

“Making memories” package is for those who wish we could just hit the pause button and stay in this timeframe a little bit longer. These Senior moments and milestones can be captured and preserved for years to come with an expanded assortment of images.

\$600 Package includes the following:

- A minimum of 20 images to select from

In-studio package includes:

- 1 standard backdrop, custom selected to best match not only your wardrobe, but also the tone of your desired images
- 1 additional background customized to best match not only your wardrobe and the tone of your desired images, but also your unique color preferences and style as discussed during your design consultation.
- 2 outfits*

On-location package includes:

- 1 location, 3-4 settings**
- 2 outfits*

Products included in the package purchase are as follows (\$250 value):

- \$150 Photo print credit valid on this session only
- \$100 Digital download credit to use towards high or low resolution downloads

“Creating a Legacy” package captures more than just the moment by allowing us to join in the Senior journey. These images create context in greater depth, showing more personality, and allowing us to see the “bigger picture” of the life of the Senior by providing more settings and personalized options.
