

- Seasonal Specials with a la carte pricing

-

Our Seasonal Specials are brief sessions, approximately 30 minutes, held either in-studio or on-location with a pre-determined set-up based around a seasonal theme. Sessions are advertised and promoted via socials and are not available upon request. These sessions are typically scheduled back-to-back so timeliness and preparedness are essential for your session. Each session includes a minimum of 4 digital downloads with options to purchase more, as well as prints and other products.
