COPYRIGHT NOTICE

All photographs, images, and media are protected by both Federal and State Copyright laws.

KEY GUIDELINES

- **Copyright Ownership**
Unless otherwise stated in writing, all photographs, videos, and other media created by Caption This Photography and AdrenalineShots Sports Media Studio are protected by copyright and remain the property of the photographer/studio. Purchasing images or photography services does not transfer copyright ownership. Clients receive only the usage rights or license specifically granted to them.
- **Image Alterations**
Altering an image is discouraged. When/if altered, it does not transfer ownership or create new copyright in the original work, nor does it authorize anyone to claim the image as their own or use it commercially.
- **Proof Images & Watermarks**
Proof images are provided solely for viewing and image selection. Studio policies prohibit proof images from being downloaded, screenshot, copied, shared, or otherwise used without permission. Proof images contain watermarks for copyright protection—Intentionally removing or attempting to remove watermarks or other copyright management information is prohibited. Once final images are released by the Studio, they will no longer contain watermarks unless otherwise specified.
- **Unauthorized Use**
You may not copy, reproduce, distribute, publish, sell, license, or otherwise profit from our images or media without our prior written authorization. This includes incorporating our work into products, advertisements, marketing materials, merchandise, or other commercial uses unless the appropriate rights have been granted or licenses purchased.
- **Social Media Sharing**
We encourage clients to share our images/media by reposting directly from our official social media accounts or by sharing the final images we have delivered to them as part of a package or purchased session materials. When our Studio shares team-related or editorial content from games/competitions/activities, we will indicate within the post if and how those images may be shared as applicable.

When provided, the signature page is our request for you, and your family if appropriate, to commit to using Caption This Photography & AdrenalineShots Sports Media images with integrity and honesty now that you have been given basic information regarding our Studio policies and copyright laws. As a professional studio and member of the photography community, we believe it is part of our responsibility to help advance our profession and protect not only ourselves, but our colleagues and clients as well. Our Copyright Notice is available via our website for group sessions, and provided to each client/family booking an individual session with Caption This Photography, LLC and AdrenalineShots Sports Media Studio.

–THE FINE PRINT–

Caption This Photography, LLC, and AdrenalineShots (DBA) Sports Media Studio printed photographs, digital images of any type, and media shall **not** be copied, screenshot, reproduced, altered, published, or distributed in any manner without prior written permission in the form of (1) a signed Personal Use Rights Agreement (included with package purchases of digital download) from Caption This Photography, LLC, or (2) a signed Licensing Agreement from Caption This Photography, LLC, or (3) written permission explicitly stated in the original social or web-based media post content generated directly by the Caption This Photography or AdrenalineShots accounts, or captionthisphotography.com or adrenalineshots.net websites. All photographs, images, video, and media, including RAW, unedited and edited, digital and print formats, remain the copyrighted property of Brittany Ottino (Photographer, Media Creator), Caption This Photography, LLC (Business), and AdrenalineShots (“DBA” Doing Business As) Sports Media Studio. Ownership includes photos/images/media with or without logos, with/without watermarks, and/or embedded copyright info.

When applicable, clients/models will receive a non-transferable, signed/e-signed, hard-copy or electronic version of the Personal Use Agreement, which allows for personal use only of photographs, images, and media. Specific allowances related to use and any alterations to photographs, images, and media are outlined within the Agreement, and cannot be changed, extended, or further amended unless otherwise agreed to in writing. Commercial use, resale, and/or redistribution by any entity or to another entity for use of the photograph(s), image(s), or media is **not** permitted without PRIOR written authorization (requires separate licensing and use agreement, fees may vary based on requested photo(s)/image(s)/media and extent of use).

Please note, failure to comply with copyright laws may result in any or all of the following:

A documented, written notice of unauthorized use may be sent via text, email, messaging apps, or USPS. Notice will include options to rectify the situation, which may include, but are not limited to:

- Properly crediting photographer/media creator (Note: Credit without authorization/license to use image(s) and / or media is generally still a copyright infringement; credit alone does not grant permission for use)
- Request to remove post on socials
- Fees billed to purchase a Personal Use Agreement or Licensing Agreement, as appropriate
- Guidance to update socials to include specific information (provided at that time)

Failure to respond to a Notice, or for more significant Copyright Infringement,

- A formal Cease and Desist letter, demanding the unauthorized use of work stop immediately may be issued
- A formal DMCA (Digital Millennium Copyright Act) takedown request may be filed with platform hosts
- Legal action may be sought citing Copyright Infringement
