ELECTRICITY

with

**MARLEY &
MAX**

Clemente Capdevila

Who is Marley

Marley is an electrical dog.

**Marley works with
electricians everyday.**

Marley loves her job.

Lets meet Max

Max wants to learn about electricity.

Max would like to be an electrical polar bear one day too.

Max likes to play soccer with his friends.

Max's favorite food is also chocolate when dad is not looking.

Marley's revision

**Max doesn't know Electron
the Happy Worker and
Electron the Silent Killer.**

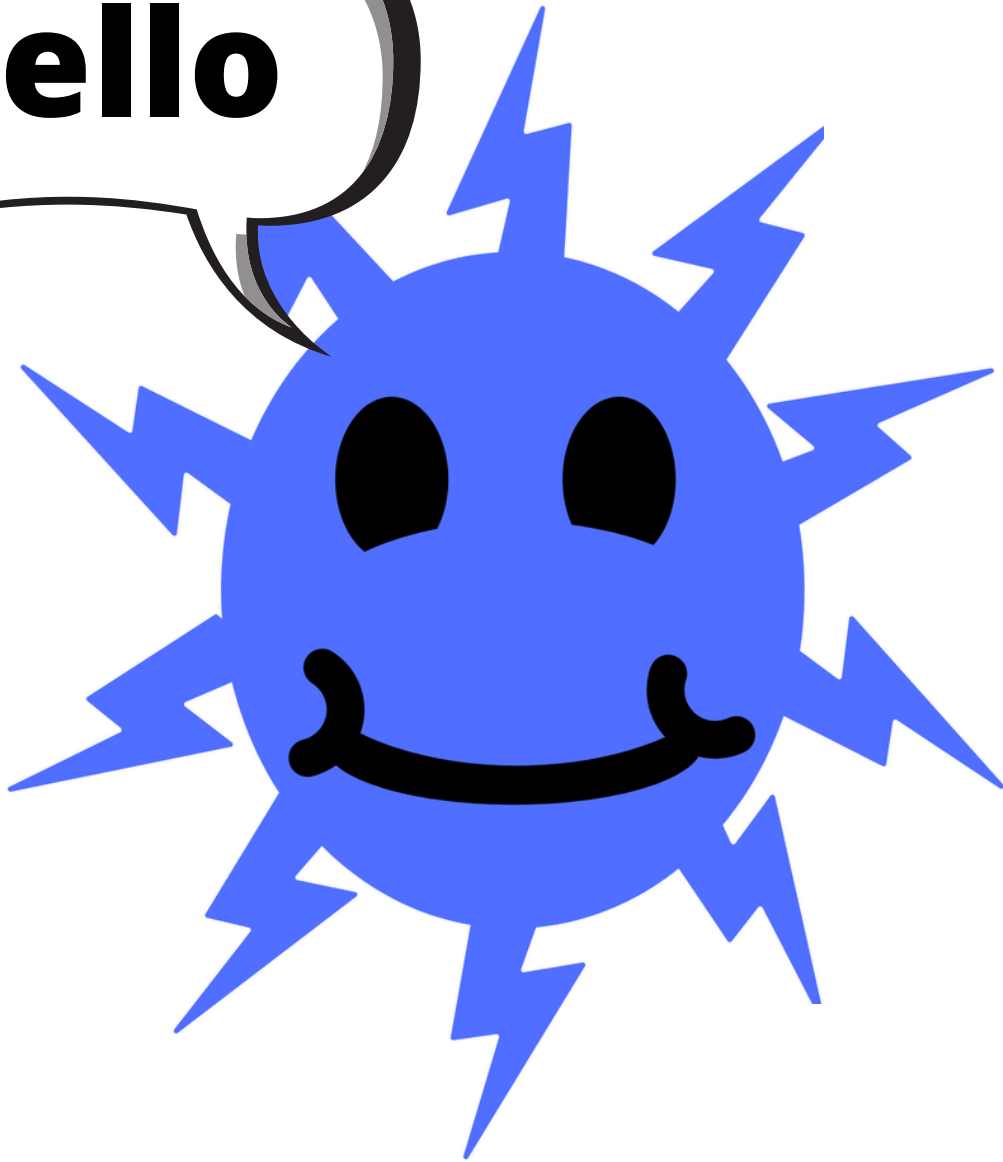

Lets show Max quickly.

**Thank
You**

Meet Electron the Happy Worker

Hello

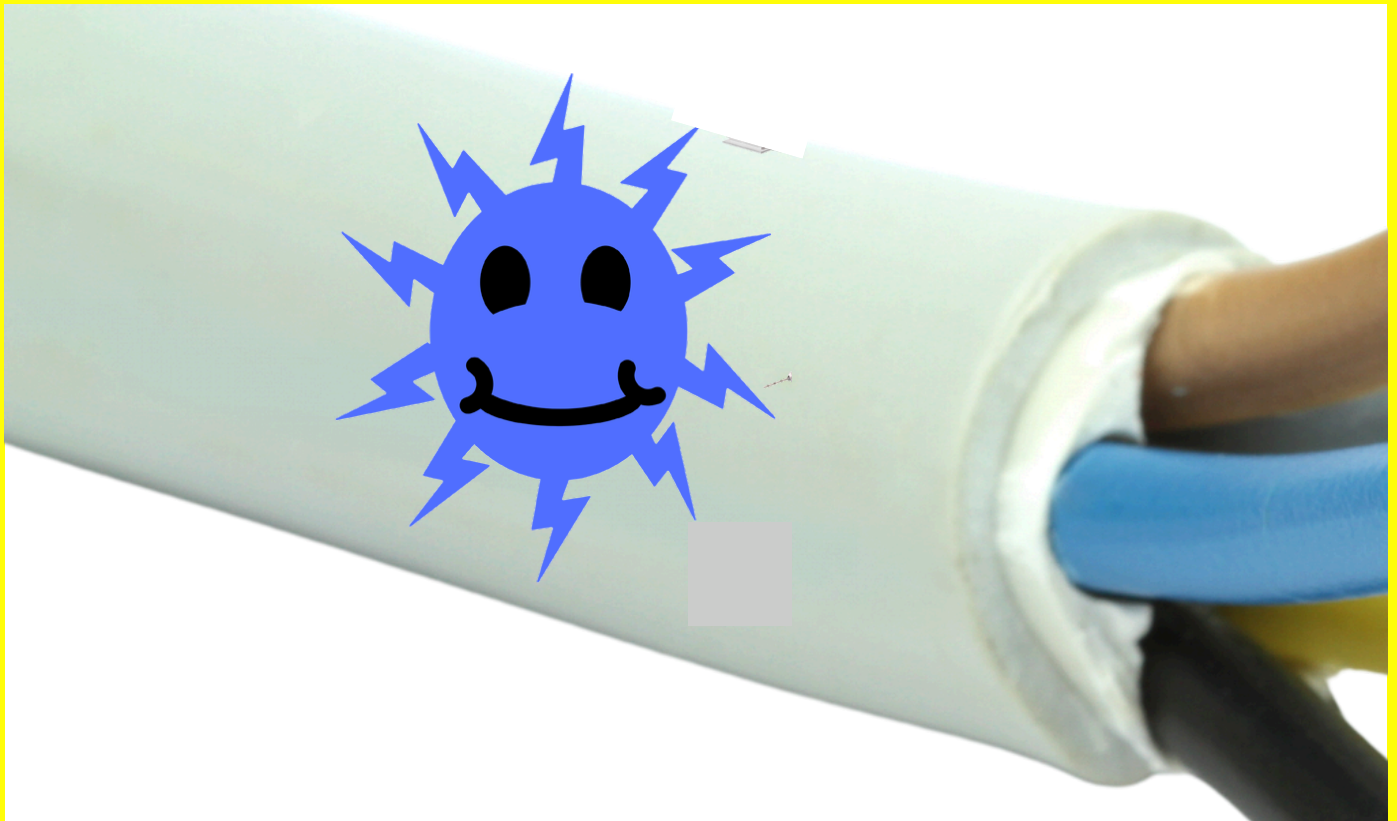

**Electron the Happy Worker
carries electricity from one
place to another.**

What does Electron the Happy Worker do

**Electron the Happy Worker
carries electricity to power
lots of things.**

Where does Electron the Happy Worker live

**Electron the Happy Worker
lives and hides inside cables
keeping away from people.**

**Electron the Happy Worker
does not like to be touched.**

What happens to Electron the Happy Worker if touched

When Electron the Happy Worker is touched by a person it changes.

Electron the Happy Worker turns into Electron the Silent Killer with BIG SCARY shark teeth.

Are you ready to meet Electron the Silent Killer?

**Is the grown
up scared?**

Meet Electron the Silent Killer

**DONT
TOUCH ME**

**Electron the Silent Killer
carries electricity from one
place to a persons body.**

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO SOUND

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO SMELL

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO COLOR

Why does Electron the Silent Killer hurt people

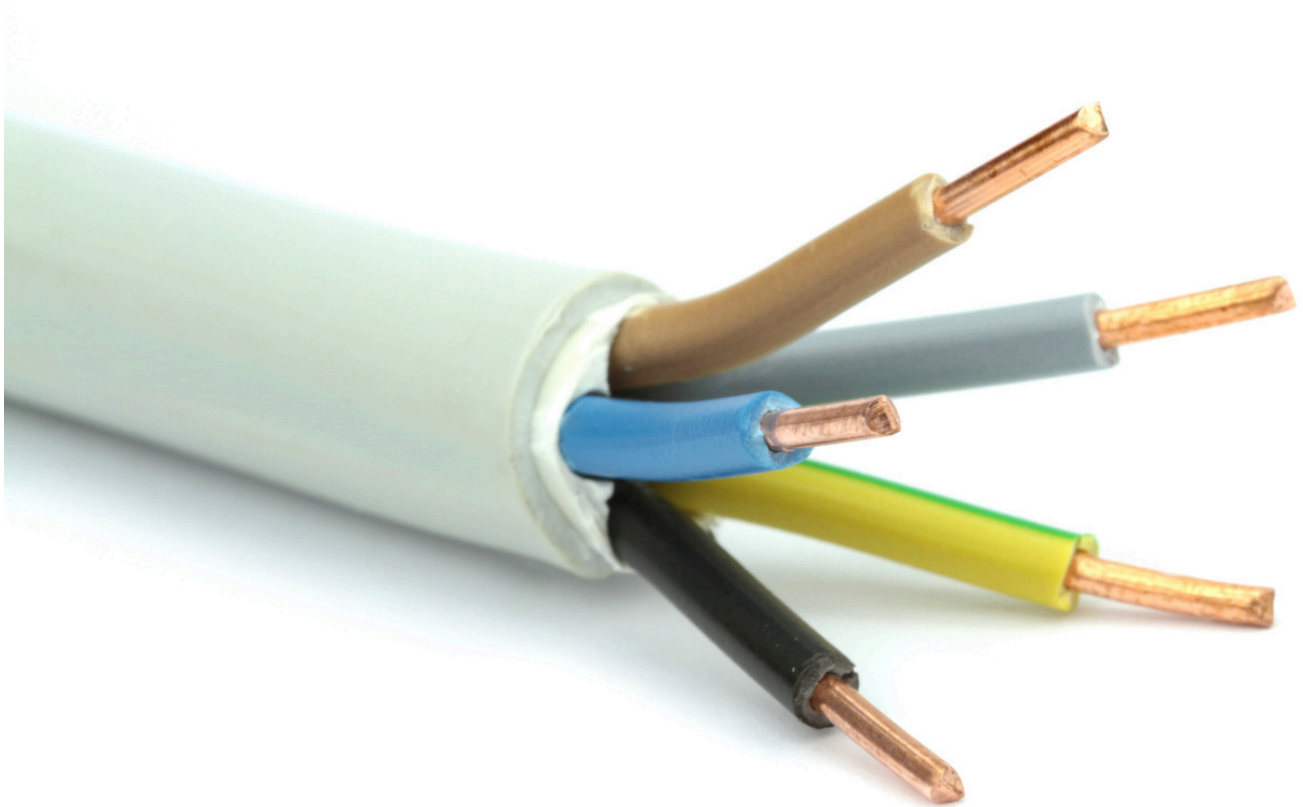

**Electron the Silent
Killer has NO BRAIN.**

**Electron the Silent
Killer cannot tell the
difference between a
cable and a person.**

Marley teaches Max

**Marley says this is a
electrical cable.**

**Electrical cables carry
electricity.**

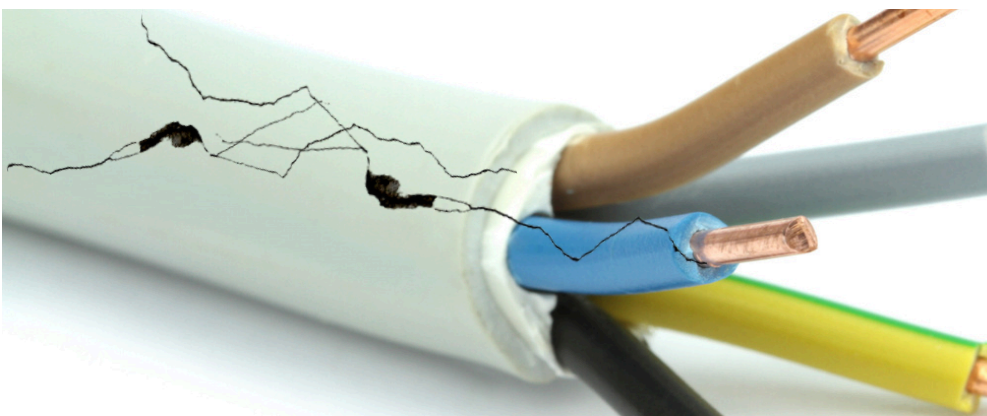

Marley teaches Max

Marley says electrical cables can also be dangerous.

Marley says;

Never touch a cracked or damaged electrical cable.

The Silent Killer can appear in cracked or damaged cables.

Tell a grown up if you see a cracked or damaged electrical cable.

Max says thank you

Max says thank you Marley for teaching me about electrical cables.

Max says electrical cables can carry electricity but also be dangerous.

Max says;

Never touch an electrical cable that has cracks or is damaged.

Tell a grown up if you see one.

Marley gives Max a good listening ribbon

Marley says join us in the next book with Emma & Tim the 2 cats

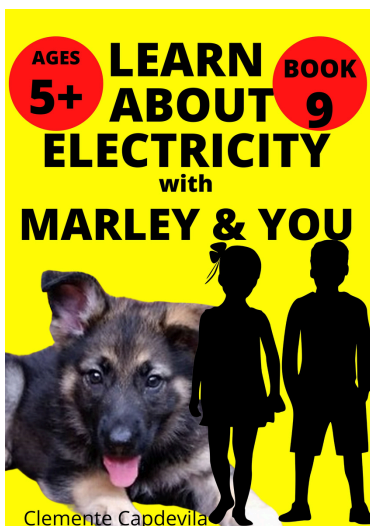

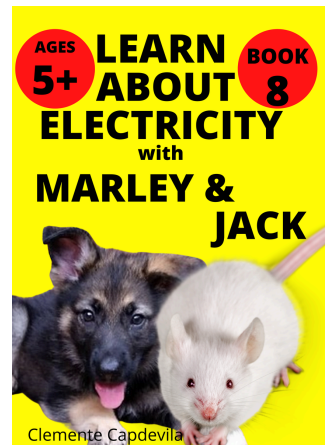

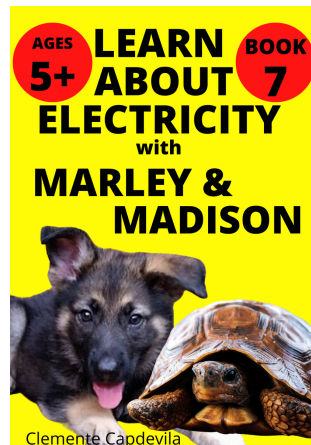

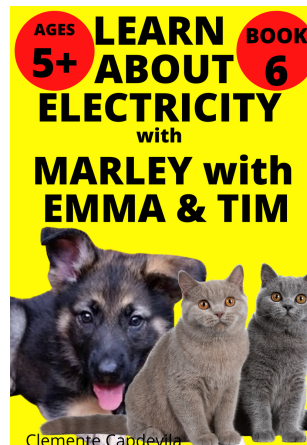

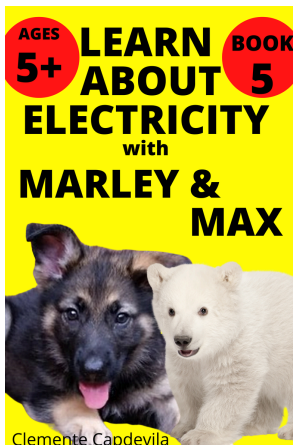

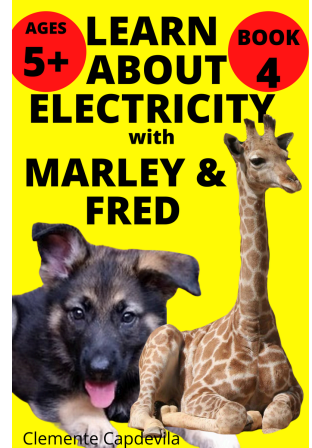

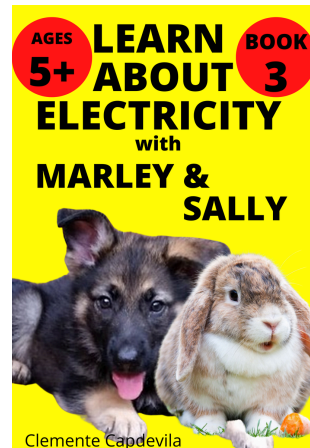

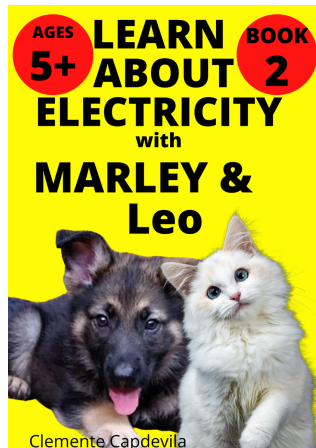

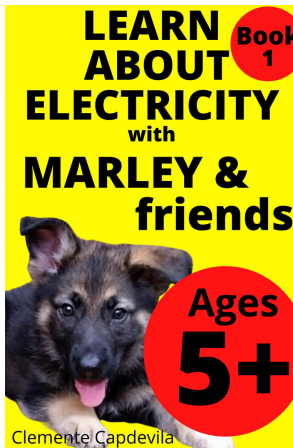

**Marley,
Emma & Tim
go on a
special
journey to
learn more
about
electricity.**

**We can't wait
to learn more**
