ELECTRICITY

with

**MARLEY &
FRED**

Clemente Capdevila

Who is Marley

Marley is an electrical dog.

**Marley works with
electricians everyday.**

Marley loves her job.

Lets meet Fred

Fred wants to learn about electricity.

Fred would like to be an electrical giraffe one day too.

Fred likes to feel cool in the sun.

His favorite food is also chocolate when mum is not looking.

Marley's revision

**Fred doesn't know Electron
the Happy Worker and
Electron the Silent Killer.**

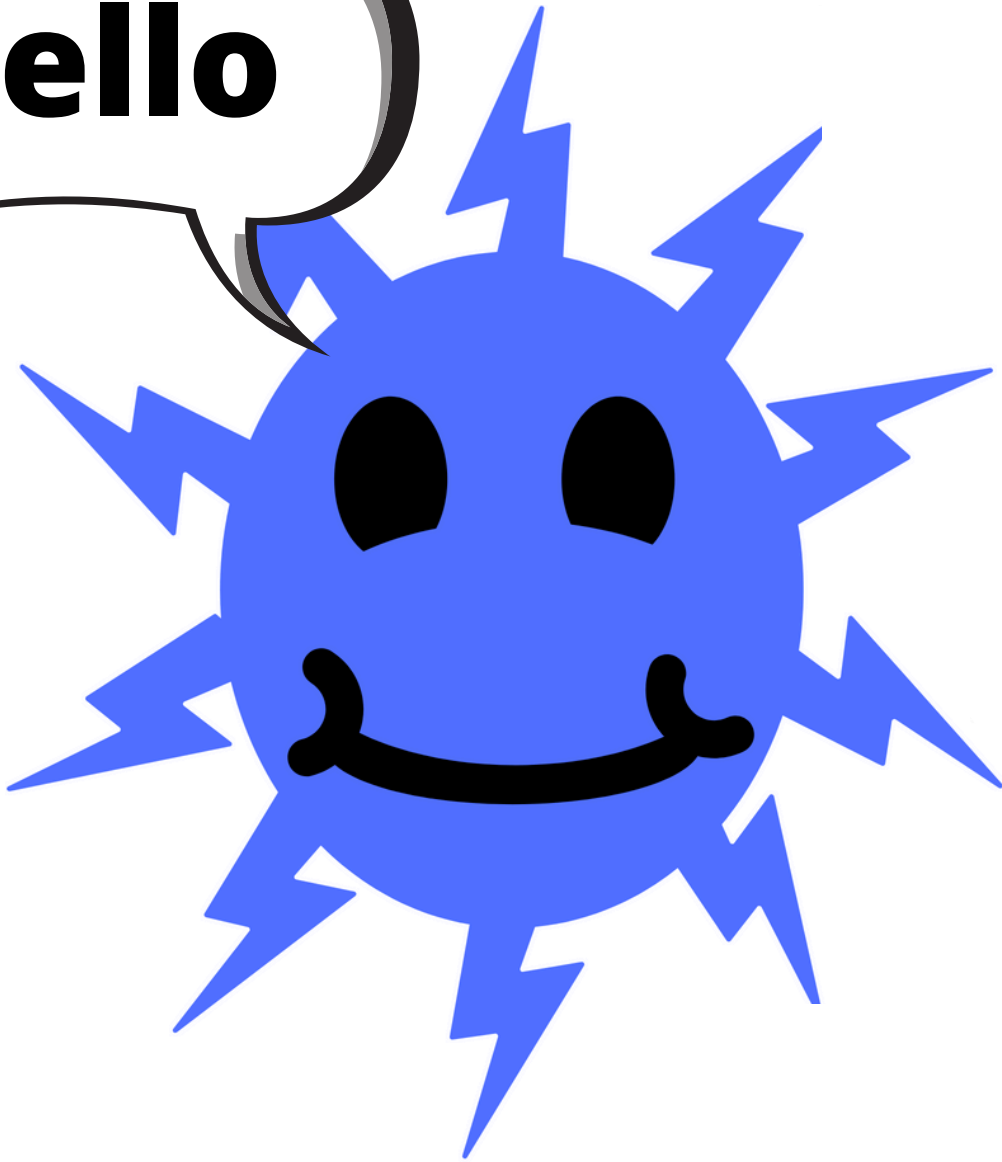

Lets show Fred quickly.

**Thank
You**

Meet Electron the Happy Worker

Hello

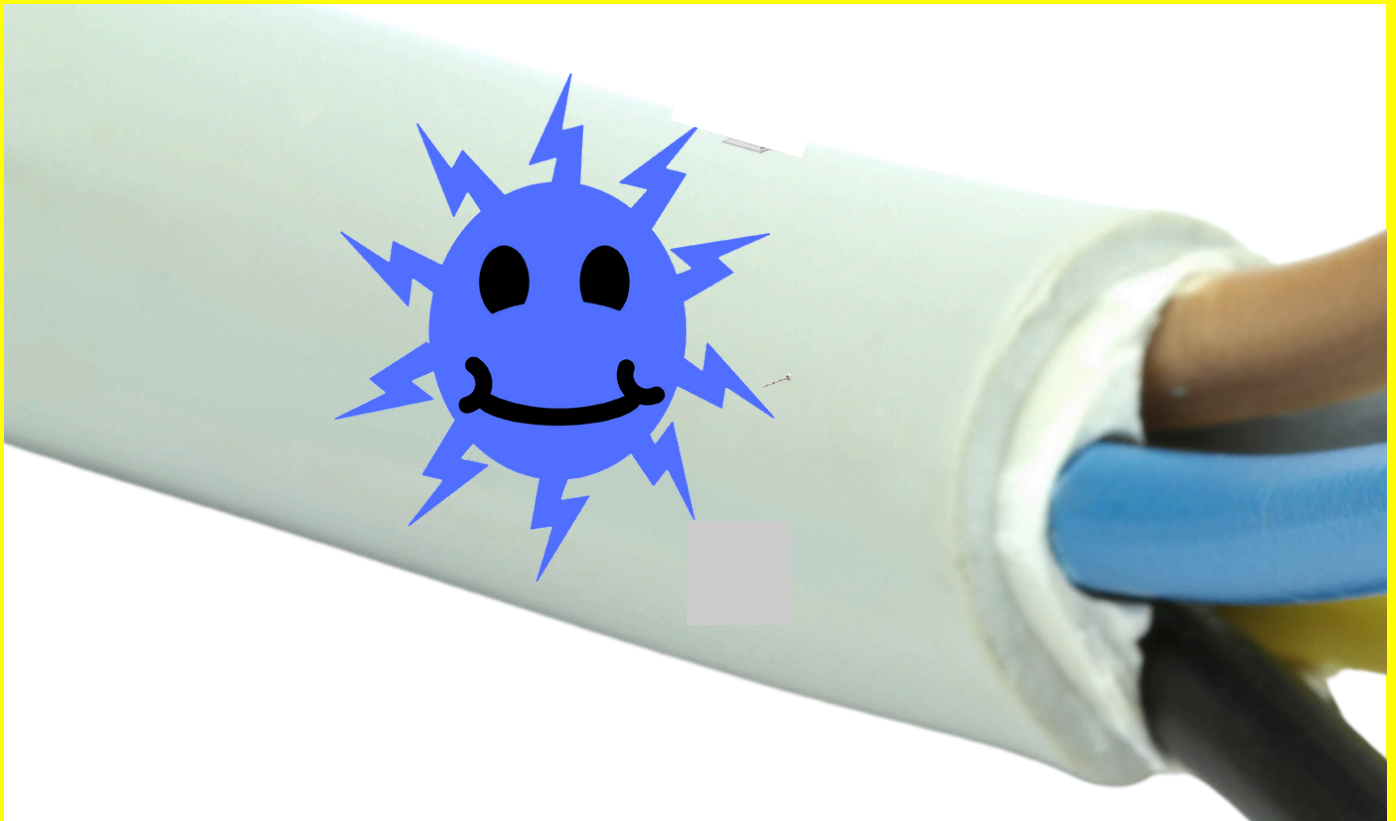

**Electron the Happy Worker
carries electricity from one
place to another.**

What does Electron the Happy Worker do

**Electron the Happy Worker
carries electricity to power
lots of things.**

Where does Electron the Happy Worker live

**Electron the Happy Worker
lives and hides inside cables
keeping away from people.**

**Electron the Happy Worker
does not like to be touched.**

What happens to Electron the Happy Worker if touched

When Electron the Happy Worker is touched by a person it changes.

Electron the Happy Worker turns into Electron the Silent Killer with BIG SCARY shark teeth.

Are you ready to meet Electron the Silent Killer?

**Is the grown
up scared?**

Meet Electron the Silent Killer

**DONT
TOUCH ME**

**Electron the Silent Killer
carries electricity from one
place to a persons body.**

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO SOUND

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO SMELL

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO COLOR

Why does Electron the Silent Killer hurt people

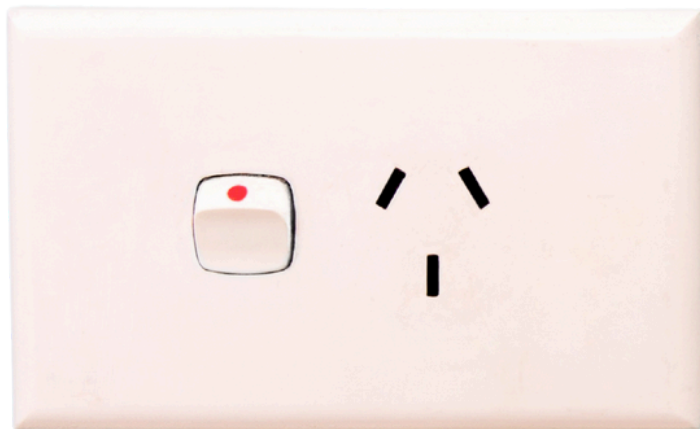

**Electron the Silent
Killer has NO BRAIN.**

**Electron the Silent
Killer cannot tell the
difference between a
cable and a person.**

Marley teaches Fred

Marley says this is a Power Point.

You can plug a toaster into a Power Point.

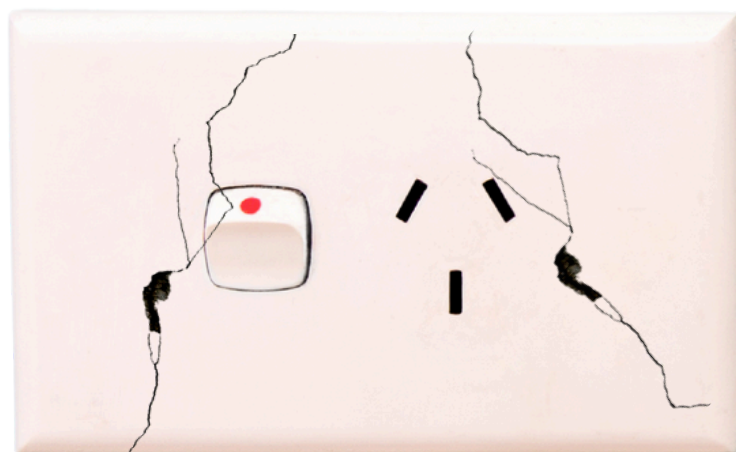

**You can make
yummy bread
with a toaster.**

Marley teaches Fred

**Marley says power points
can also be dangerous.**

Marley says;

**The Silent killer can appear
in a cracked Power Point.**

**Never touch a cracked
Power Point. Tell your mum.**

Fred says thank you

**Fred says thank you Marley
for teaching me about
Power Points.**

**Fred says Power Points can
help make our food
but also be dangerous.**

**Cracked Power Point can
make the Silent Killer
appear.**

**Never touch a
Power Point that has cracks.
Tell mum or dad if you see one.**

Marley gives Fred a good listening ribbon

Marley says join us in the next book with Max the Polar Bear

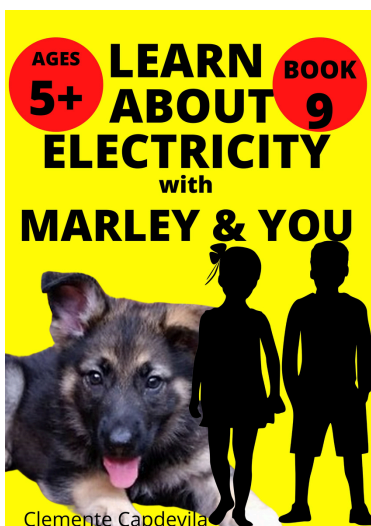

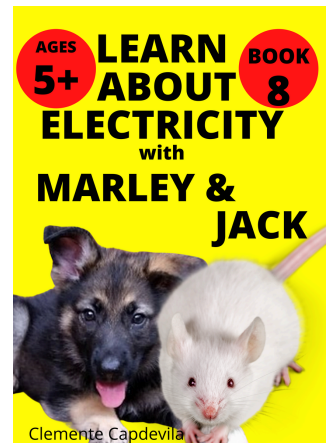

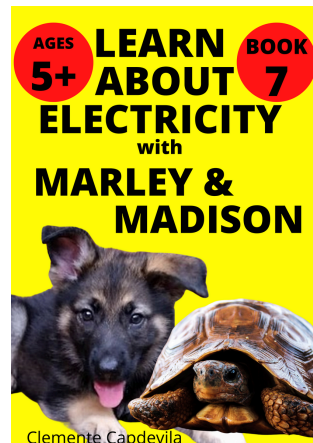

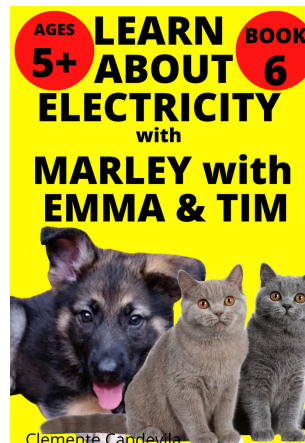

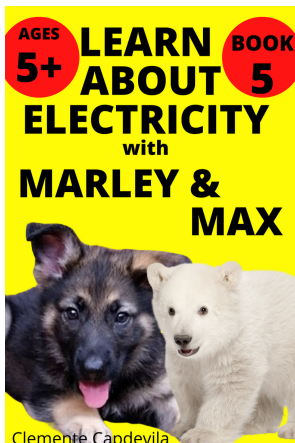

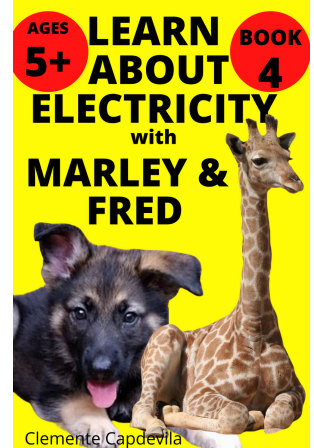

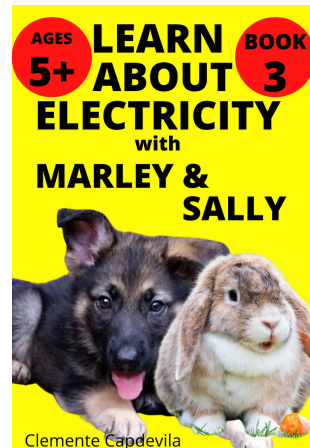

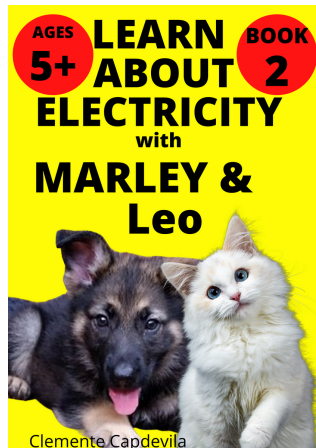

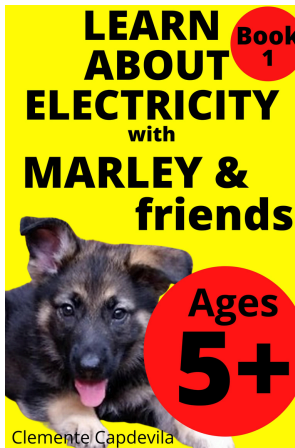

**I can't wait to
learn more**

**Marley and
Max go on
a special
journey to
learn more
about
electricity.**
