ELECTRICITY

with

**MARLEY with
EMMA & TIM**

Clemente Capdevila

Who is Marley

Marley is an electrical dog.

**Marley works with
electricians everyday.**

Marley loves her job.

Lets meet Emma & Tim

Emma & Tim want to learn about electricity.

Both Emma & Tim would like to be an electrical cat one day too.

Emma & Tim like to play in the kitchen.

Their favorite food is also chocolate.

Marley's revision

**Emma & Tim don't know
Electron the Happy Worker
and Electron the Silent
Killer.**

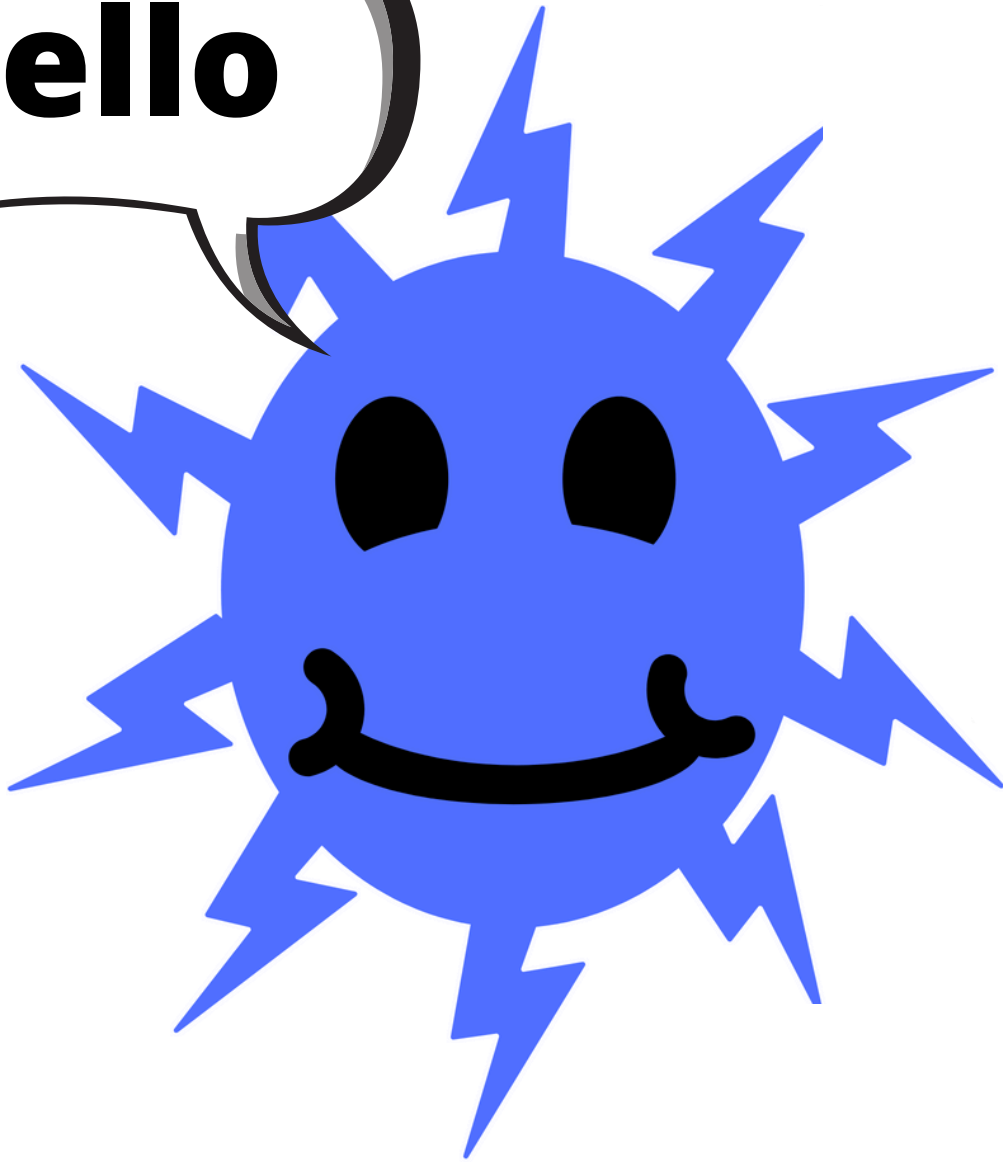

**Lets show Emma & Tim
quickly.**

**Thank
You**

Meet Electron the Happy Worker

Hello

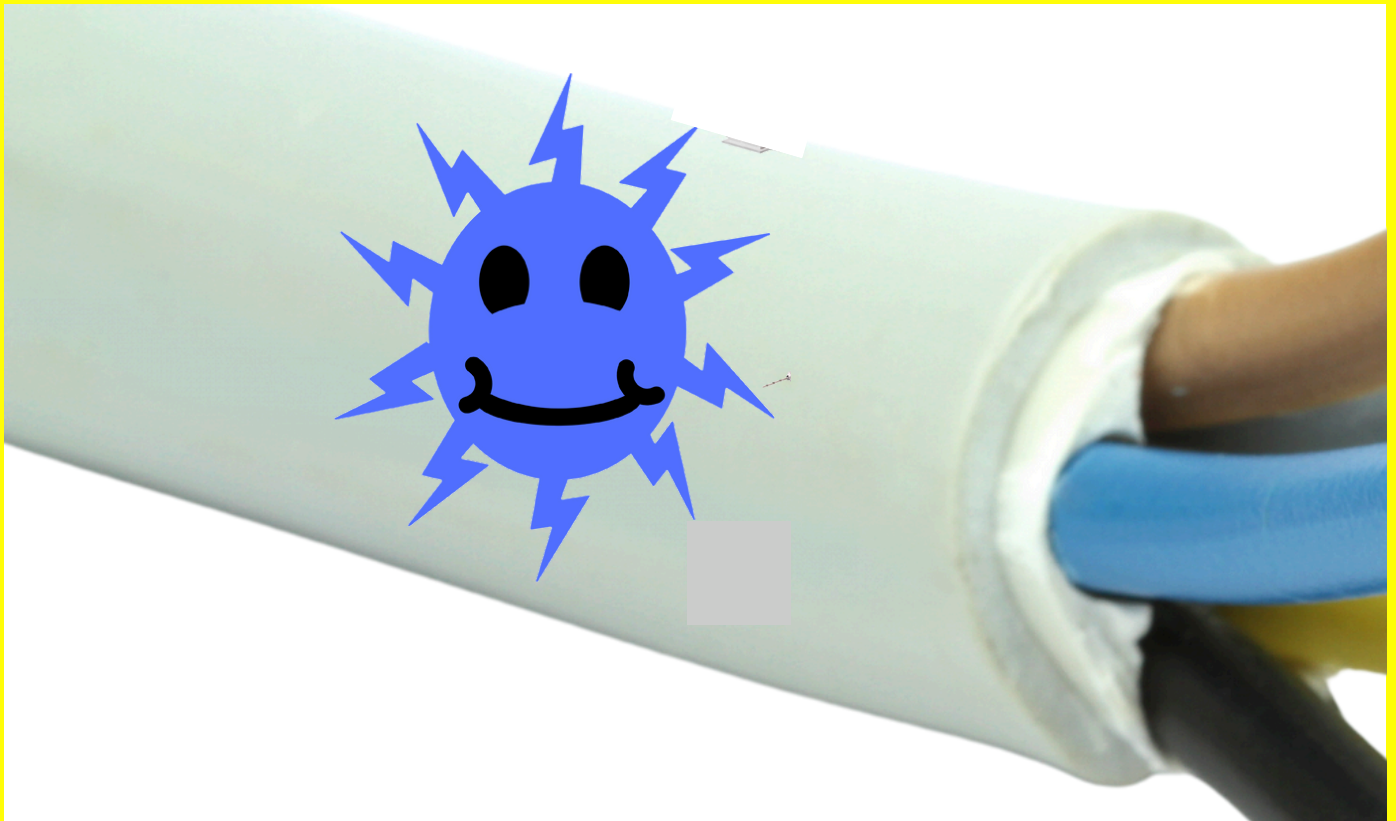

**Electron the Happy Worker
carries electricity from one
place to another.**

What does Electron the Happy Worker do

**Electron the Happy Worker
carries electricity to power
lots of things.**

Where does Electron the Happy Worker live

**Electron the Happy Worker
lives and hides inside cables
keeping away from people.**

**Electron the Happy Worker
does not like to be touched.**

What happens to Electron the Happy Worker if touched

When Electron the Happy Worker is touched by a person it changes.

Electron the Happy Worker turns into Electron the Silent Killer with BIG SCARY shark teeth.

Are you ready to meet Electron the Silent Killer?

**Is the grown
up scared?**

Meet Electron the Silent Killer

**DONT
TOUCH ME**

**Electron the Silent Killer
carries electricity from one
place to a persons body.**

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO SOUND

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO SMELL

How does Electron the Silent Killer hurt people

**Electron the Silent
Killer has**

NO COLOR

Why does Electron the Silent Killer hurt people

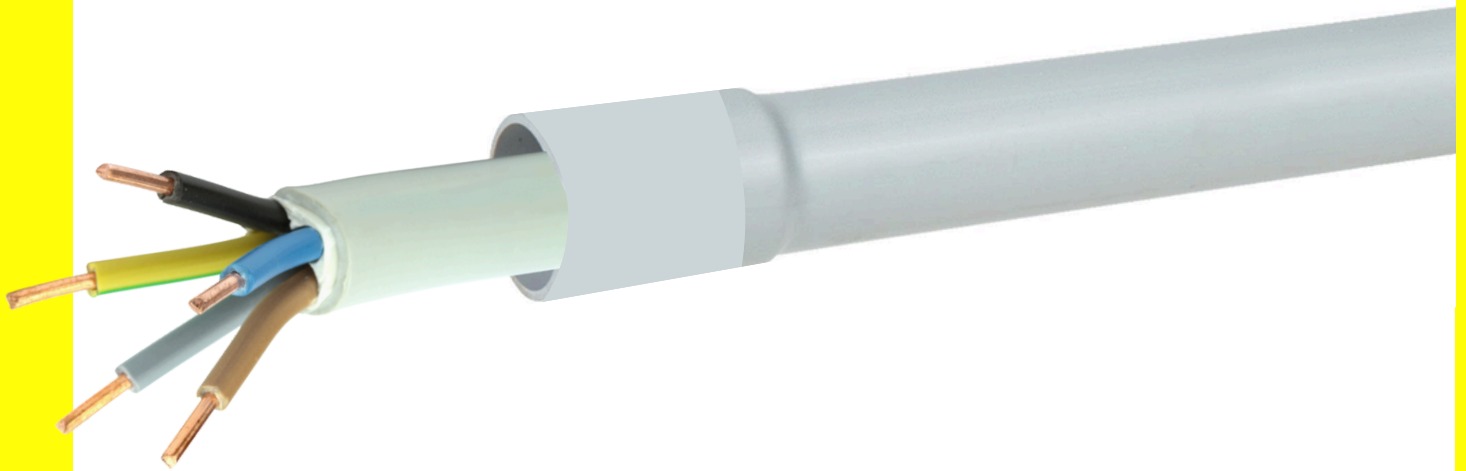

**Electron the Silent
Killer has NO BRAIN.**

**Electron the Silent
Killer cannot tell the
difference between a
cable and a person.**

Marley teaches Emma & Tim

Marley says this is cable carrying conduit.

**Cable carrying conduit
protect electrical cables
from been damaged.**

Marley teaches Emma & Tim

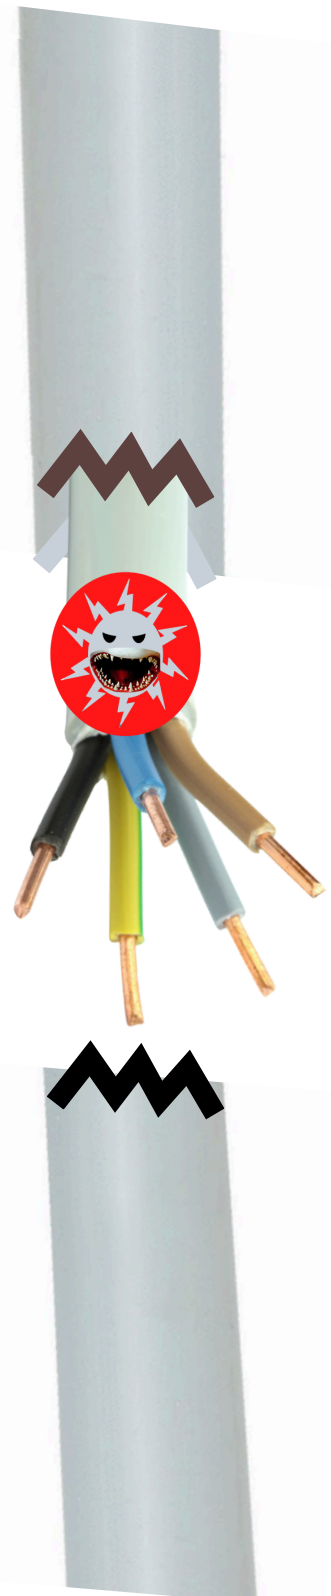

Marley says cable carrying conduits can also be dangerous.

Marley says;

Conduits can also break.

The Silent Killer can appear with broken conduits.

Tell a grown up if you see a broken cable carrying conduit.

Emma & Tim say thank you

**Emma & Tim say thank you
Marley for teaching us about
cable carrying conduit.**

**Emma & Tim say conduit can
protect electrical cables but
can also be dangerous.**

**Emma & Tim
say;**

**Conduit can
break or be
damaged.**

**Never touch conduit that is
damaged. Tell mum.**

Marley gives Emma & Tim a good listening ribbon

Marley says join us in the next book with Madison the Tortosies

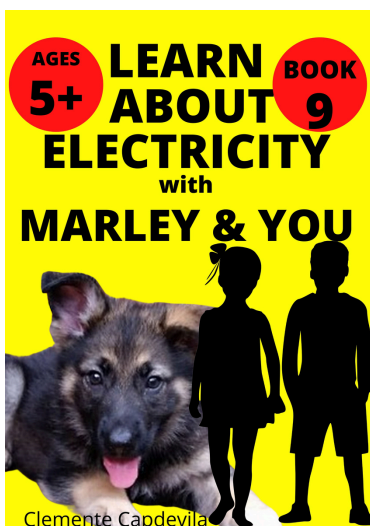

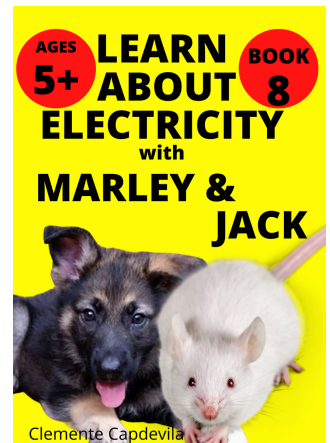

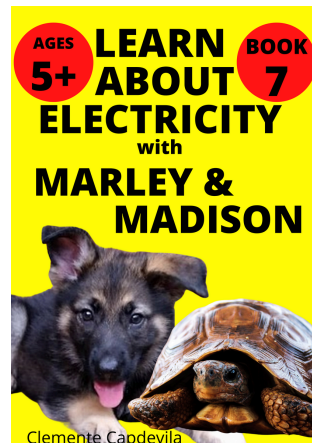

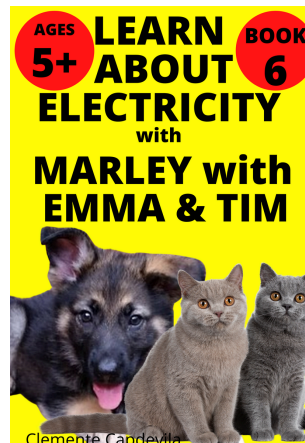

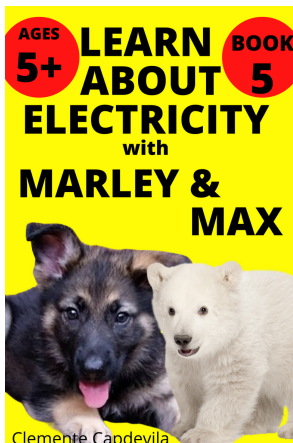

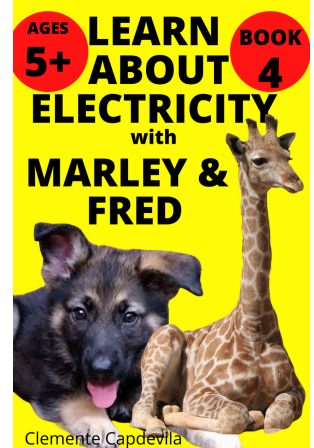

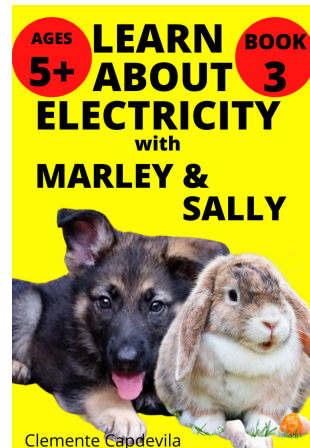

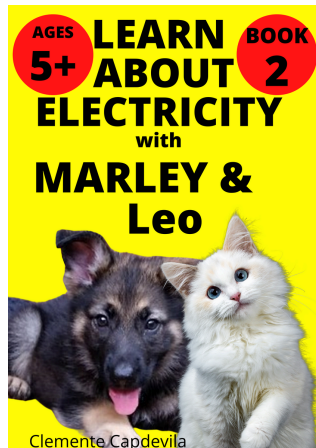

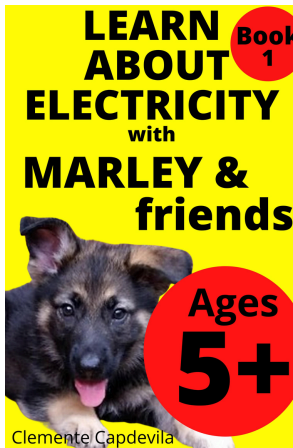

**I can't wait to
learn more**

**Marley and
Madison go
on a
special
journey to
learn more
about
electricity.**
