

[Introduction letter from Becky Canterbury](#) as the Woodside Park Community Ambassador

In Woodside Park, we have additional representation with [Fire Adapted Bailey](#) (Rebecca Stewart) and Firewise (Chair, Chad Ammerman), providing a wealth of information to all homeowners. I have included some helpful resources below:

- Check out the Park County Fire & Evacuation Preparedness Presentation (you will need to listen and follow along with the slides) at:
<https://www.parkcountyco.gov/928/Disaster-Evacuation-Preparedness>
- A Science-Based Approach to Wildfire Resilience, The Conifer Wildland Division (CWD) 2025 Operational Plan:
<https://storymaps.arcgis.com/stories/2e9b8442e4d1487a875c728fca126>, definitely worth reading and watching the Our Risk video. This shows the survivability of our evacuation routes
- Rotary Wildfire Ready, <https://www.rotarywildfireready.com/>
- My notes from the evacuation route ride along with Captian Mandl,
<https://docs.google.com/document/d/1licAohJ8jFGH6xYa8ks0rXprlfb1EZqFpgchtA2PYRg/edit?usp=sharing>
- Chad is our Firewise chair and committee need to figure out the best way to educate and action a few of the identified areas. I believe education will be very important.
- Expect evacuation to take 2-3 hours
- Know your evacuation routes, have more than one if possible. Drive them during the day and night.
- Don't wait, evacuate -> you don't have to wait for the evacuation orders

Sign up for emergency alerts for both Park and Jefferson counties:

- Park County CodeRED: www.parkcountyco.gov/97/CodeRED
- Jefferson County LookoutAlert: www.jeffco.us/473/Emergency-Notifications
- Watch Duty is a free desktop and mobile app that provides real time wildfire activity and alerts in our area. <https://app.watchduty.org/>

The Rotary Club of Conifer has great information on insurance,
<https://www.rotaryconifer.org/sitepage/homeowner%E2%80%99s-insurance-in-colorado>
