

# **CHOOSE HOPE** **FACTS OVER FEAR**

## **HNHP ENCOURAGES ALL MEMBERS TO GET COVID-19 VACCINATION**

- Science doesn't change the fact that people are dying but science does give us all hope for an effective immunological defense and a long overdue end to this pandemic.
- Trust the science and vaccinate to protect yourself, your loved ones and your patients
- Two shots are required to be fully vaccinated and early research indicates a 95% efficacy and protection against acquiring CoVid-19, and less severe illness if acquired
- Vaccination is critical to ensuring the health and safety of our essential workforce, our families, our patients and our community
- Researchers confirm that the Pfizer Vaccine is showing effective protection against the two newest highly contagious variants of CoVid
- Vaccine is not a cure as with any vaccine
- Choice should be made based on the Risks & Benefits of taking the Vaccine vs Risks & Benefits of acquiring CoVid and outcomes associated with CoVid 19.

**Please help stop the spread of CoVid and do your part!  
Wear a mask, wash hands, social distance & vaccinate!**
