

**HNHP & Local 5 Picketing Event,
Tuesday October 13th and 14th 2020.**

We are calling on all HNHP and Local 5 members to join together for a sign waving action to fight against the subcontracting of good union jobs at Kaiser Permanente. We need to defend good jobs on Maui since this may affect Oahu as well. We will be lining up 6 feet apart at various locations (with signs displaying approved messages). Some signs will be available for use. For MOA- Parking will be available between 3pm and 6pm at the HSTA office building close to the sign waving site. Social distancing and masks are required. Use approved slogans and wear red or purple to show your support.

Be kind and have fun. We need more access to healthcare, not less! We are in this together! See you there!

Solidarity!
