

"VISION" IN ACTION

JULY

This month, we celebrate the character trait of Vision—the ability to imagine what is possible and take purposeful steps to make it a reality. Vision inspires innovation, fuels perseverance, and encourages us to think beyond today's challenges to create a brighter tomorrow.

Through this month's films, books, and TED Talks, we'll explore stories of individuals whose foresight, creativity, and determination transformed obstacles into opportunities and inspired lasting change.

ELEMENTARY SCHOOL
