- Have a warm up drill prepared and how the appropriate equipment. 10-15 mins max. May need a match ball, pump adaptor, away strip, first aid equipment.
- Have paper and pencil for jotting down the team, formation and any points to be covered from training.
- If at Watergate, get there early to setup goals, respect barriers and put the bins out. At the end of the match, empty the bins at the café and put new bin bags in the bins if needed.
- PICK UP ALL LITTER AROUND WATERGATE PITCHES!
- LOCK THE CABINS AND ALL GATES AT WATERGATE!
- Leagues will set the opposition, Home or away fixture or a central location venue, KO time and dates.
- Unable to fulfil the fixture? Speak to the league asap as not doing will result in a fine (to come off team funds).
- Know how long the match is!
- Know how much you need to pay the referee and how the exact money – refs don't have a lot - if any - change. Different league referees charge differing fees!
- Some leagues will appoint a referee, if a home game, the club will assign a referee. Games at central venues will have referees assigned.

- Notify the club immediately after of any yellow or red cards and the players name.
- Notify the club of any incidents that occur that the referee may not have noted eg incidents away from the pitch/carparks, swearing.
