

## Nursery School Blues

I woke up this morning, fell out of my crib  
Got most of my breakfast, all over my bib  
Mom packs up my bottle, and my diapers too  
Going to the nursery's like being in a zoo

I've got the Nursery School Blues  
I just can't get my way  
I've got the Nursery School Blues  
I'd rather stay home and play

Mom's got a new job, takes me to the sitter  
That baby pulled my hair, so I hauled off and bit her  
I lost my binkie, and I missed my cartoon  
I just hope my mama will pick me up soon

I've got the Nursery School Blues  
I just can't get my way  
I've got the Nursery School Blues  
I'd rather stay home and play

I'm standing in the corner, I've got the nursery school blues  
Mom went off and left me, I ain't got much to lose  
Oh teacher, teacher, please give me the news  
It's just about the time for me to take my little snooze

I've got the Nursery School Blues  
I just can't get my way  
I've got the Nursery School Blues  
I'd rather stay home and play
