California Traffic Violator School Course (LESSON PLAN 2024)

WELCOME TO THE CALIFORNIA TRAFFIC VIOLATOR INTERNET COURSE

DRIVING IS A PRIVILEGE TO BE TREATED WITH DUE RESPECT

Driving a motor vehicle is a serious responsibility. Driving can be a pleasurable experience or it can turn you into a monster, a killer with no respect for life.

SAFE DRIVING IS A MATTER OF ATTITUDE AND ETHICS

Driving is obviously more than just learning how to handle a car and knowing the law. The truth is that safe driving is a matter of attitude. To be a responsible driver you have to have the right attitude about driving.

Car collisions are entirely preventable. It is all a matter of having an attitude that takes the responsibilities associated with driving seriously. Current reports of auto collisions reveal that the drivers involved in collisions are "most likely distracted, tired or possibly drunk," meaning that many drivers do not take their driving seriously.

Driving is an essential skill and activity. It encompasses all our lifestyles and daily tasks, but you need to think before and while you are driving and act responsibly.

OBJECTIVES OF THIS COURSE

This traffic safety course will help you to have a better understanding "of motor-vehicle operation essential to violation and collision-free driving, operator responsibility, and licensing requirements." (www.dmv.ca.gov.2014)
Above all, it will help you to become a more morally responsible driver.

BEHAVIOR CHANGE INTERVENTION

The course content is based on the latest research as to what is considered safe driving. The course is structured around proven defensive driving techniques and its main focus is on changing driver attitudes (and therefore behavior) with the goals of:

Please scroll down to see the instructions for this course

How to navigate the course?

Click or tap on the **Course Outline** link or  icon in the course navigation bar to start or continue the course. This will reveal the table of contents.

What do the icons and colors in the table of contents mean?

Use  or  icons to expand or collapse parts of the table of contents. The colors and icons in the table of contents are as follows:

-  Next section to do or section in progress
-  Next quiz or test to do
-  Completed section
-  Passed quiz or test
-   Not yet available - you need to complete previous items first

Timer

You are taking a course with a legal minimum time requirement of 340 minutes, and you are required to spend a minimum duration of time in each Module before you can proceed to take the Module quiz and proceed to the next "Module".

If a timed Module contain subsection which have been read, the read subsection will be marked DONE, but the main Module section will be marked TODO until the time requirement for that Module has been met.

The timing progress bar will be displayed in the center of the top navigation within each unit or subunit.

Course timer example

If you are spending time on a page within a timed course that is not part of actual course content, the timer will be paused, like so:

If the timer is flashing orange or red, it means your Internet connection has been interrupted or lost. In that case, please ensure the connection is re-established, sign out, and sign back in.
