Happy holidays, everyone!

I'd like to start by thanking you all for a fantastic raffle fundraiser! Whether you joined the Ways and Means team as they bravely sorted through the storage unit, helped Hospitality with set up and clean up, provided organizational support, supplied snacks or baskets or just yourself, you were an important part of making it a great party.

Thinking forward to next year, because our linear experience of time never stops: It's time to think about the Guild Education Grant for the next year! The grant supplies \$250 to one lucky artist, who will use it to learn about a fiber art topic and then give a presentation to the Guild about what they learned. The application can be found at adwsg.org under the Guild Info > Guild Forms tab. It is due in March, the Board will vote on the recipient, and the winner will be announced at the April meeting. So while you're thinking about New Year's Resolutions, perhaps consider adding "learn a cool new fiber technique" to your list!

On my list right now is a goal to crochet every pattern from a series of books by Danish designer Sarah Abbondio. They're simple patterns for various animals, birds, and sea creatures that take under an hour to make and are great for when I want a project with instant gratification. There's no particular reason I have this goal, aside from the satisfaction of seeing all 77 little critters piled together at the end. Do I have a plan for these 77 critters after I've made

them all? No, that's a problem for Future Merlyn! You'll probably see them popping up in our meeting raffles eventually, once I'm done admiring the hoard.

I hope that you're all enjoying the holiday season with your favorite people, treats, and activities! See you in 2026!

Merlyn, *President*

JANUARY 3, 2026 Presentation

Our January meeting

***Fiber Journey Two: Weaving - What we do
with the spun yarn***

Members of our guild will be presenting a program on Weaving; we will be bringing a collection of looms (that fit in our cars!) and various pieces of weaving equipment. Our experts will share their expertise, explain uses of each loom, favorite tools and share samples of our woven pieces. We will be available to answer questions during the break. We plan to hit the high notes, expose you all to what we do and provide some resources. Come and see what is available.

WAYS & MEANS

Hello to the Guild in 2026!!!

We want to thank everyone for making our December meeting such a roaring success. It's always fun to get to say hello to everyone each month, but it was such a delight to get together and celebrate the Guild and the holiday season with y'all.

A Bonus shout-out to Julie Cattaneo and Trish Boone for Emceeing, and to Mary Rooney, Jan McInnis, Julie, and our fearless president, Merlyn, for spending a whole morning in the storage unit to put baskets together. We here in Ways and Means are so thrilled we can get into that unit without drowning now! And, of course, a huge thank you to everyone who arrived early to help with setup and takedown. We know some of you were at the storage unit at 6:30am with us, and we're so grateful for your effort and help.

We'll return to our usual raffle format in the January meeting! Meet us next year for more!

Ways and Means,

Colette and Riley

P.S. Riley is planning a trip to the Art Resource Center to make some non-fiber arts donations! If anyone has something they want to get rid of, but not throw away (and give to a great cause), feel free to bring it by, and they will make sure it gets donated! 😊

Help Make the Tech Table More Colorful!

You may have noticed a new addition to our monthly tech setup - a second computer! While a fantastic addition to our team, the new laptop is unfortunately...well...really boring.

I'm putting out a call out for fun fiber and craft-related stickers to make this plain black computer a little more exciting! Did you get a crafty sticker with a recent yarn order or in a goody bag? Do you have a punny weaving sticker lying around looking for a home? Bring them to a guild meeting and we'll find a spot for it! Feel free to bring stickers any time - the call remains open until the laptop is covered!

HOSPITALITY

Julie Cattaneo

Needle holders needed.

We are almost halfway to our goal of needle holders for the Fiber Festival goodie bags. We need 88-133 more. Please bring them with you to the January 2026 meeting. Let's try and meet our goal then!

Thanks, Julie

Hospitality

I would like to request a volunteer to help me with hospitality. This is a great way to get to know the people of the guild. You have to be at every meeting to make the coffee. It worked for me! Please let me know if you would like to help. Hospitality@azdsg.org

Remember to label any treats donated with the major ingredients, ie flour, eggs, nuts, & dairy products, for those guild members that have allergies. Thank you in advance.

LIBRARY

Beki Welsch

adwsg.librarian@gmail.com

I purchased two new books for the Guild library this month. ***Profile Drafting for Handweavers*** by Deb Essen explains how to use, read and create profiles in weaving drafts. Profile drafts are drafting "shorthand" for weavers, allowing them to create one fabric design and translate it into many weave structures. but many handweavers do not know how to use the drafts. This is the first book dedicated entirely to this key weaving tool. Projects are included in the book so you can put what you learned into practice. (from the Schiffer Publishing website)

The second book is ***Pick-Up Bandweaving Designs*** by Heather Torgenrud. There have been a lot of inkle weaving books checked out of our library in recent months and this book will add to your knowledge of Baltic pick-up with 288 brand new charts for 13 pattern end bands.

Please remember that if there are items from your Dec fundraiser baskets that you have no expectation of using, Helene can use them for the basket we will be providing for the AZ Fiber Arts Festival. Each Guild is expected to provide a raffle basket with a value around \$250. Please, only unused items. This is not a garage sale. Bring items to the January Guild meeting. Items do not have to be from your December winnings but any fiber related items.
