Detox Body Wrap

60 min - \$150

Embark on a revitalizing detox journey that purifies, firms, and restores your skin's natural vitality. This multi-phase body treatment begins with a no-mess, no-scrub Gel Exfoliation that transforms into an effervescent foam upon contact with air, releasing oxygen to gently lift away dull surface cells. Powered by a Fruit Enzyme Complex of Caviar Lime and Salicylic Acid, this advanced exfoliator dissolves impurities and promotes clarity, while Eggplant Extract supports repair and Azelaic Acid (derived from barley) brightens and refines the complexion. Once your skin has been freshly renewed, a Slimming & Firming Algae Wrap is applied, featuring a potent concentration of Fucus Vesiculosus, Laminaria Digitata, and Lithothamnium Algae—brown, green, and red marine algae renowned for their mineral and antioxidant richness. These ocean-sourced botanicals help stimulate circulation, drain toxins, and soften the skin for a visibly smoother, more toned appearance.

The result is a deeply detoxifying and restorative experience that refreshes body and mind, leaving your skin purified, radiant, and beautifully rebalanced.

Suggested indulgence: Follow with a massage or facial for full-body renewal and optimal relaxation.
