Neighborhood #HotTakes

Information that is no longer an unsolved mystery...

◆ #SnowBusiness - To make the best use of our community dues, we only place ice melt in key locations. Intersections, the entrance, and hills are the focus. Snow is only plowed when we have accumulation of 2"+. The vendor may plow when < 2", but this is only a courtesy as salt is applied.

Stay Vigilant!

The Board continues to stay in contact with Local Law

enforcement - so please continue to share anything of note to help eliminate mail crime in West 86th!
