

Nia'Mya's LEGO Clubhouse's Executive Summary

Mission Statement: Nia'Mya's LEGO Clubhouse's mission is to create a free, welcoming space where all children can build, imagine, and belong- using LEGO bricks to bring creativity, friendship, and inclusion together!

Our Purpose: Nia'Mya's LEGO Clubhouse was created from the big heart and imagination of a 5-year-old who believes that **every child deserves a place to build, create, and feel welcome!** As shared in our mission, Nia'Mya's LEGO Clubhouse is a free, inclusive space where children from all neighborhoods, backgrounds, and abilities can come together to build LEGO sets, use their imagination, and have fun- without barriers!

Our Passion: What started as a simple love for building has grown into a desire to make sure no child is left out because they don't have LEGOs at home or don't have a place where they feel they belong. At its core, Nia'Mya's LEGO Clubhouse is about **sharing**. Sharing LEGO bricks. Sharing ideas. Sharing time together.

This Clubhouse is powered by Nia'Mya's belief that:

- LEGO IS MORE fun when everyone can play!
- Building together helps people become friends!
- Creativity should be free and open to all!

What Nia'Mya's LEGO Clubhouse Offers:

- FREE LEGO building sessions for children.
- Open-ended play that encourages creativity and problem-solving.
- A welcoming environment where all children are included and respected.
- Opportunities to collaborate, share ideas, and build together.

***No experience is needed. No LEGO is required. Just pure imagination!**

Why It Matters: Play is essential to childhood development! Through LEGO building, children practice:

- Creativity & imagination.
- Fine motor & problem-solving skills.
- Teamwork & communication.
- Confidence & self-expression.

Most importantly, Nia'Mya's LEGO Clubhouse helps all children feel that they belong- that their ideas matter and their creativity is valued!

Our Vision: Nia'Mya's LEGO Clubhouse dreams of becoming a regular community space where:

- Children feel safe, welcomed, and inspired.
- Creativity is celebrated.
- Kindness and inclusion are built into everything- just like the bricks.

This is MORE than a LEGO club. Nia'Mya's LEGO Clubhouse is a place where big dreams start small and grow brick by brick!
