Career Objectives

I'm seeking collaboration with training experts and professionals to produce cutting edge instruction. Looking to apply my visual communication expertise and continue to work with innovative teams. I'm constantly in pursuit of new creative endeavors. Striving to use the advancements in software and education to develop dynamic learning environments. I'm interested in traveling to conferences for presentation and professional development.

Skills

- Creating and running courses on learning management systems.
- Teaching technological literacy and designing tutorials.
- Producing supplements for online/blended classrooms.
- Developing and managing learning environments.
- Providing training for colleagues and collaboration.
- Graphic design including branding, marketing, and apparel.

Professional Experience

June 2021 - Present

AP Studio Art Teacher & PLC Leader

Wekiva High School, Apopka, FL

- Developing curriculum for online and distance learning.
- Creating a plethora of dynamic assessments where students are evaluated on their ability to demonstrate knowledge.
- Leading initiatives that involve team management and moderation.
- Producing training materials for colleagues and providing training for new technology and professional development.
- Scheduling and coordinating schoolwide projects and events.

July 2014 - June 2021
