Landscape Mathematics
Landscape Architecture + Mathematics + Engineering

Name/Last Name
Landscape Mathematics
Landscape Mathematician + Civil Engineer Yafreisy Carrero
Date

Final Project

Please select an aspect of nature, from an ant to a tree or a landscape in North America, Europe, or any part of planet Earth, to decipher its mathematical logic. A couple of examples of students' work can be seen on the Landscape Mathematics STEM Field (https://landscapemathematicsstemfield.myportfolio.com/global) website.

Requirements

Teams := Max 5 teammates per group. Decide on a topic as a team!

Presentation

Format :=

Adobe InDesign

Microsoft PowerPoint

Quantity := 5 Slides Max.

Submission Deadline via E-mail to yafreisy.carrero@umsv.edu := August 4, 2026.
