

2011 Convention Pics

The Lionhead Exhibition Show started early in the morning, taking two significant breaks during the day. The show stopped so all breeders could watch the Presentation event. It stopped again so breeders could attend the ARBA General Membership Meeting. This did make for a late day. Thank you to Michael Franke for judging all day for us!

Presentation

On November 1, 2011, Theresa Mueller went for her first attempt at 2nd Presentation with the Lionheads. This was not to be a successful attempt. All three varieties failed for flank wool that was too long. Shock, disappointment and frustration were words that could describe the Lionhead breeders that day. These photos show the tension and anxiety among the breeders as they await a decision from the Standards Committee

The Standards Committee took over an hour to examine all of the Presentation animals.
