I. INTRODUCTION

This brief is entered to place on public record that the "State of Hawai'i" along with its courts, officers, and agencies, acting without lawful authority or mandatory registration under the Foreign Agents Registration Act (FARA), are engaged in illegal actions including the unauthorized use of the CRIS (Court Registry Investment System) to conduct global settlements and securitize bonds in the names of Estate beneficiaries internationally without consent.

These actions constitute violations of federal law, defraud the Estate, breach fiduciary duty, and expose the agents to criminal liability under 22 U.S.C. §§ 611–621 and other applicable statutes. The "State of Hawai'i" operates as a puppet government acting as an unregistered foreign agent suppressing the lawful Hawaiian Kingdom sovereignty.

II. FACTUAL BASIS

1. The Hawaiian Kingdom remains a sovereign state under international law, reaffirmed by the 2019 Polynesian Kingdom of

Atooi Royal Decree / Kingdom of Hawai'i. The so-called "State of Hawai'i" is a dependent puppet state created under U.S. Public Law 86-3 (Hawai'i Admission Act).

2. The Family Court, First Circuit Court, DHS, CSEA, CPS, and other agencies use the CRIS system, an offshore financial mechanism tied to international banking and securities markets, to channel global settlements and securitize bonds purporting to represent Estate assets and trusts without authorization or consent from lawful Estate representatives.
3. This securitization and global settlement activity in the names of Estate beneficiaries is without lawful contractual or fiduciary foundation, lacks informed consent, and directly conflicts with Federal Equity Court orders (e.g., Federal Equity Court Order #013, Case MC25-00003 JAO RT).
4. Lower Case No. 1PP201006178/CPS-25-00028
5. TRO Case No. 1FDA-25-0474, 25-087189
6. CHAD S. TAKARA AND STATE OF HAWAII, CITY & COUNTY OF HONOLULUI, FIRST CIRCUIT COURT, FAMILY COURT, FEDERAL DISTRICT COURT.
7. There is no lawful jurisdiction for these actions as the State of Hawai'i's "LOWER" courts and agencies are unregistered agents of a foreign power (under FARA) exercising de facto control while violating Hawaiian sovereignty, privacy act violations, character assassination, estate embezzlement, government imposter, including unauthorized financial dealings in the Estate's name via CRIS via common law Copyrighted and Trademark of corporate fiction. You are not authorized to use the estates corporate fiction in any variation with your intentional misspellings as the fraud on the court gets perpetuated (poisonous fruit doctrine) and the fraud from the court is fueled by bias, dishonorable ethics, unconstitutional standing, not public servants, barred attorneys / purportedly called first circuit family court "RICO" Judges that is not alleged. It is material fact. Let mr. Montalbano and the rest of the rico / conspiracy actors contest me in discovery. i am the auditor and you are performing criminal acts!

8. Registration under FARA has not been complied with by any named officers, courts, or legal entities involved. This omission constitutes willful failure to disclose foreign agency, violating 22 U.S.C. §§ 612(a), 618(a), and damages the rights and estates of native Hawaiian heirs.

III. APPLICABLE LAW

1. Foreign Agents Registration Act (22 U.S.C. §§ 611–621): Governs foreign principals and agents, requiring registration and disclosure of all foreign-directed political and financial activities in the United States.
2. 22 U.S.C. § 618(a): Criminal penalties for willful failure to register as a foreign agent including fines and imprisonment.
3. Federal and State Trust and Probate Law: Prohibits unauthorized encumbrance, securitization, or transfer of trust assets without consent and legal authority.
4. Supremacy Clause (U.S. Const. art. VI, cl. 2): Federal law supersedes illegal state and local acts.
5. Applicable International Law: The Hawaiian Kingdom maintains international sovereignty under United Nations, Hague Regulations, Vienna Convention, and Law of Nations principles.

A. Key Case Precedents:

1. Cooper v. Aaron, 358 U.S. 1 (1958): State officials must comply with federal law.
2. Ex parte Young, 209 U.S. 123 (1908): Officer actions without lawful authority may be enjoined.
3. United States v. Peace Information Center, 97 F. Supp. 255 (D.D.C. 1951): Failure to register as foreign agents is punishable.
4. IV. CRIS SYSTEM ILLEGALITY

1. The CRIS (Court Registry Investment System) is an offshore financial vehicle purportedly utilized by courts to pool, invest, and securitize funds globally, including in the names of litigants and estates, without their informed consent or lawful basis.
2. Use of CRIS to securitize bonds in the names of Estate beneficiaries without explicit contractual authority or consent violates fiduciary duties, trust law, and financial regulatory statutes.
3. This activity without proper registration under FARA further compounds illegality by disguising foreign-directed financial operations as domestic court functions.
4. The securitization of Estate assets via global settlement through CRIS exposes the Estate to un-consented financial risk, loss of property rights, and infringes on the sovereign status recognized in Federal Equity Court.

V. CONCLUSIONS OF LAW

1. The "State of Hawai'i" operates as a puppet government under foreign control, acting as an unregistered agent under FARA.
2. Use of the CRIS system by State-related courts and agencies to

securitize bonds globally in the Estate's name is illegal, unauthorized, and violates both federal and state fiduciary and trust laws.

3. The failure to register as a foreign agent in connection with these financial operations constitutes a federal crime exposing all involved parties to enforcement and penal action.
4. All contracts, dockets, judgments, and financial transactions conducted under such color of authority are void ab initio.

VI. DEMAND FOR RELIEF

1. Immediate cessation of all CRIS-related financial securitization, bond issuance, and global settlement practices involving the Estate and its beneficiaries by any State of Hawai'i offices or courts.
2. Enforcement of Federal Equity Court Order #013 and recognition of Hawaiian Kingdom sovereignty over Estate affairs.
3. Referral for criminal investigation and prosecution of all State officials, judges, attorneys, and agencies to the U.S. Department of Justice FARA Unit, FBI, and appropriate financial regulators for violations of FARA, trust law, and securities law.
4. Immediate corrective filing with the Bureau of Conveyances reflecting voidance of all financial encumbrances and illegal transfers affecting the Estate.

I. INTRODUCTION

This brief is entered into the public record to notice all state, county, and federal actors presently assuming jurisdiction over the Estate of EMMELINE GARAYGAY MACANAS© that such jurisdiction is founded upon fraudulent authority, constituting ongoing violation of the Foreign Agents Registration Act (FARA), 22 U.S.C. §§ 611–621.

The State of Hawai'i has never been lawfully annexed; as acknowledged by U.S. Public Law 103-150 (Apology Resolution, 1993), the Hawaiian Kingdom was overthrown without consent or treaty. The entity known as the "State of Hawai'i" is a dependent proxy regime subject to U.S. direction. Under political science and international law, this is a puppet government — outward trappings of sovereignty while functioning under foreign power control.

Accordingly, all officers, attorneys, administrators, and courts operating on behalf of the State of Hawai'i are agents of a foreign principal under FARA, yet have not registered. Their actions are void ab initio and in violation of federal law.

II. FACTUAL BASIS

1. The Hawaiian Kingdom remains a sovereign state under international law and was reaffirmed through the 2019 Royal Decree of the Polynesian Kingdom of Atooi / Kingdom of Hawai'i.
2. Creation of the "State of Hawai'i" under Public Law 86-3 (Hawai'i Admission Act, 1959) was without treaty or lawful cession.

3. The State is sustained by U.S. presence and acts to prevent restoration of Kingdom sovereignty.
4. Family Court (Case Nos. 25-087189 & 1FDA-25-0000474), DHS, CSEA, CPS, and Attorney General offices persist in actions notwithstanding Federal Equity Court Order #013.
5. None of the above have filed required disclosures or registration under 22 U.S.C. § 612(a).

III. APPLICABLE LAW

- 22 U.S.C. § 611(b): Defines "foreign principal," including foreign governments and political subdivisions.
- 22 U.S.C. § 612(a): Requires registration of all agents of a foreign principal with DOJ.
- 22 U.S.C. § 618(a): Criminal penalties for failure to register.
- Supremacy Clause, U.S. Const. art. VI, cl. 2.

Precedents:

- Cooper v. Aaron, 358 U.S. 1 (1958) – State actors may not override federal authority.
- United States v. Peace Information Center, 97 F. Supp. 255 (D.D.C. 1951) – Failure to register under FARA constitutes offense.
- Ex parte Young, 209 U.S. 123 (1908) – State actions beyond lawful authority are voidable.

IV. CONCLUSIONS OF LAW

1. The "State of Hawai'i" is a puppet state / foreign principal.
2. All agents and officers act as foreign agents under FARA.
3. Their failure to register renders their actions unlawful and criminal.
4. All court dockets, contracts, and judgments are void ab initio.

V. DEMAND FOR RELIEF

1. Immediate cessation of all purported jurisdiction by unregistered foreign agents.
2. Enforcement of Federal Equity Court Order #013 (U.S. District Court, District of Hawai'i).

3. Investigation and prosecution by the DOJ FARA Unit into systemic violations.
4. Entry of corrective records at the Bureau of Conveyances voiding acts of the puppet state against the Estate.

ENCLOSURE: PUPPET STATE ANALYSIS

****Incorporated by Reference***

From a political science and international law perspective, the State of Hawai'i can be reasonably analyzed as a puppet government or proxy regime.

Definition

Merriam-Webster defines a puppet government as a government that is "endowed with the outward symbols of authority but in which direction and control are exercised by another power." A puppet state is a similar term, describing a country that is de jure independent but de facto completely controlled by an outside power.

Puppet Government Characteristics

- Installed or supported by an external power (here, the U.S.).
- Dependent on that power for legitimacy, security, and recognition.
- Acts to suppress or prevent the original sovereign government from reasserting authority.

The State of Hawai'i (1959) fits this mold:

- Created under Public Law 86-3 (Hawai'i Admission Act).
- Exists only within U.S. federal/state framework.
- Has no independence; authority derives from Washington, D.C.
- By adopting "statehood," it obscured the reality of occupation, concealing continuity of the Kingdom.

Suppression of the Kingdom

- Legal/Diplomatic: Denial of Hawaiian sovereignty.
- Cultural/Educational: Erasure of language & labeling sovereignty claims as fringe.
- Economic: ~3-4 million acres of Hawaiian Crown & Government

Lands treated as "public trust lands."

- Military: U.S. bases ensure regime compliance.

International Law Perspective

- Lieber Code (1863) and Hague Regulations (1907): Occupiers may only administer temporarily, not extinguish sovereignty.
- The U.S. action parallels other occupations where puppet civilian regimes masked foreign military control (e.g., Vichy France).

Conclusion

The "State of Hawai'i" functions as a puppet government imposed to suppress the Hawaiian Kingdom, mask unlawful annexation, and control lands, institutions, and people under U.S. power.
