To whom it may concern:

We are a 501(c)(3) non-profit organization (ID #591066) whose mission is to coach teach and mentor young children in our communities.

Our purpose is to provide advantageous opportunities to the youth in our communities with assistance from local businesses, organizations, as well as community and business leaders. Through our initiative program we will provide book bags, school supplies, tutoring, mentorship, sponsorships, scholarships, clothing and basic skills to the youth in different communities.

Within Just F.O.C.U.S, we host a yearly school supply drive and outreach program geared towards the critical issues facing many of our school age children today. This outreach program falls under our strengthening and enrichment goal to provide awareness to children about bullying, school safety, knowing the laws and its consequences as well as college opportunities.

For our outreach program to be successful, we are seeking sponsorship and partnership with larger businesses and organizations as well as community and business leaders. It is through sponsorships and partnerships that we can help fund and sustain our initiatives within our community areas. All proceeds will go towards our outreach program and promoting the Just F.O.C.U.S. Organization.

Please assist us in reaching our goal by letting us know if you are interested in donating or serving as a sponsor for our events. With your donations and/or partnership, we can have a greater impact on the communities in which we serve. This will assist with our operational expenses as well.

Would you help us by making a donation? (checks can be made out to Just F.O.C.U.S. sent to address above)
