EMFACE® is indicated to provide heating for the purpose of elevating tissue temperature for selected medical conditions such as temporary relief of pain, muscle spasms, and increase in local circulation. EMFACE® is further cleared for non-invasive temporary reduction of facial wrinkles. EMFACE® applies muscle stimulation resulting in induced muscle workout. EMFACE® submentum and eye applicators are FDA cleared for aesthetic use including facial and neck stimulation or body skin stimulation. The EMFACE® submentum applicator is further cleared to affect the appearance of lax tissue in the submental area. BTL® and EMFACE® are trademarks or registered trademarks in the United States, Canada and the European Union.

Brighter Eyes Effortless Glow

**Breakthrough
Solution for Eyes.
No Needles Needed.**

Brighter Eyes Effortless Glow

No Downtime
No Needles

Walk-in Walk-out
Procedure

Natural &
Youthful Look

EMFACE is the first non-invasive procedure to reverse under-eye aging by restoring muscles and soft tissue at its foundation.

"I have to say it's fantastic. Emface Eyes is non-invasive, doesn't hurt at all, and my partner says I look younger than ever. So nothing can beat that."

— Avery, 46*
