ADVISE

Strategy, operations, and transaction execution

We act as both capital partner and strategic operator—able to originate, execute, and scale industrial opportunities

CAPITAL. EXECUTION. INDUSTRIAL KNOW-HOW.

FATTAL Industries is an independent investment and advisory firm focused on advancing manufacturing. We combine capital, industrial expertise, and hands-on execution to build and transform businesses.

Originating in aerospace & defense, we are now expanding into sectors such as oil & gas, energy and other industrial services.

Our strategy targets the Middle East and Africa, where localization, supply chain resilience, and industrial diversification are reshaping markets. With a footprint bridging Europe, the Gulf, and Africa, we are uniquely positioned to connect capital, opportunities, and execution capacity across these regions.

Why Partner With Us

We are actively exploring opportunities to build new manufacturing capabilities in the Middle East and Africa to enable world-class manufacturing capabilities locally.

I. STRATEGIC RELEVANCE

- **Alignment with national agendas** to localize manufacturing and transfer technology
- **Accelerating industrial localization** in emerging markets, with proven experience
- **Unique positioning as a bridge between continents**, connecting capital, industrial expertise, and cross-border opportunities

II. WHAT WE SEEK

- **Build** – Co-found and scale new manufacturing ventures tailored to local markets
- **Partnerships** – Establish strategic alliances with local industrial and financial players
- **Acquisitions** – Execute buy-outs in manufacturing, industrial services, and the aerospace & defense supply chain

III. OUR VALUE PROPOSITION

- **Capital + Expertise** – Financial structuring, operational turnaround, growth execution
- **Network** – Direct access to leading suppliers, global investors, and industrial clusters
- **Flexibility** – Buy, build, or partner: we adapt to the opportunity
