

Nurse Escort Services – Capabilities Statement

Global Travel Companions Ltd provides professional nurse escort services for medically stable clients travelling nationally or internationally. Our services are available exclusively via third-party referral by travel insurers, medical assistance providers, hospitals, or discharge coordinators. All services are delivered in full compliance with UK legal requirements under CQC Regulation 4(2).

Professional Credentials

- NMC-registered nurse with over 14 years of experience
- Background in A&E, medical repatriation, case management, and cruise ship medicine
- Fully insured for nurse escort and clinical travel support work
- DBS-checked and safeguarding trained

Scope of Service

- ✓ In-flight clinical monitoring and reassurance for medically stable patients
- ✓ Fitness-to-fly observations and liaison with medical and airline teams
- ✓ Administration of prescribed medications (oral, injectable, oxygen), where authorised
- ✓ Boarding, disembarkation, and ground coordination support
- ✗ No diagnosis, prescribing, or initiation of clinical treatment
- ✗ No public-facing or direct-to-client regulated activity

CQC Compliance Statement

This service is CQC-exempt under Regulation 4(2) of the Health and Social Care Act 2008. All clinical activity is delivered under the

direction and governance of a registered third-party provider (e.g. insurer, hospital, or assistance company). Global Travel Companions Ltd does not offer regulated medical services directly to the public.
