ASSUMPTIONS FOR 100 ACCOUNT ROUTES

Servicing 20 accounts per day x 5 days = 100 accounts serviced per week. 100 accounts selling 12 beverages daily = 1200 beverages sold per day x 30 days = 36,000 beverages sold per month (100 account route). 36,000 beverages sold per month x \$0.50 (your profit) = \$18,000.00 in monthly gross income to distributor.

MSRP *** \$1.79 - \$2.49

\$1.25 (sold to store)\$0.75 (distributor cost delivered)\$0.50 (distributor profit per can)

Note: Income earned by our distributors is based solely upon how much effort is set forth by "the distributor". This is not a guaranteee of income chart.

BUSINESS SUMMARY

For a limited time Tower Beverage USA is currently offering distributorship opportunities on a first-come, first serve basis, to qualified individuals. The business team and strategy lead the way with our vision and focus on quality service, value, and social and economic responsibility. Our products and great cause will continue to grow and capture the attention of media outlets and consumers throughout the USA.

This exciting new ground-floor opportunity and charitable alliances with the Tunnel to Towers Foundation and the FDNY Foundation offer a very attractive and profitable business situation for individuals seeking to become distributors and control the distribution of our beverage lines within their own protected market area of responsibility. The company donates 100% to nonprofit organizations that support, with competence, our veterans, fallen heroes, first responders, their families, and children in need throughout the USA. This plan outlines the company, products, market focus, action plan, and financial data.
