Phoenix Varmint Callers, Inc.

**Recognized by Arizona
Game & Fish Department
and the other state agencies
as a major voice of the
Arizona hunting fraternity**

Established in 1967 the Phoenix Varmint Callers, Inc. has continually pushed for better conservation legislature and practices. As one of the oldest premier non-profit outdoor sportsmen and conservation organizations, we are committed to the safety and promotion of our sport.

We consider it a high priority to introduce youth to our hunting heritage, conduct community service projects and promote sportsmanship throughout all of Arizona communities.

Our basic realm of interest is calling in a wide variety of predators. In addition to the predator calling PVCI promotes the advancement of good sportsmanship, conservation and outdoor recreation with the cooperation of federal, state and local government agencies. We also support educating the public to create good will among ranchers, farmers, sportsman and public or private landowners.

As a supporting member of all wildlife, we make ourselves available to the Arizona Game & Fish Department for the studies and projects pertaining to the educational management of predatory animals, small and big game, as well as game birds.

Over the course of PVCI history we have participated in several instrumental causes. This includes sponsoring hunter safety education programs and supporting annual programs such as the National hunting and fishing days. Our members proudly support and donate to local children's charities and are active members in the Arizona Wildlife Federation and the Wildlife Conservation Council.

Goals

- 1) To promote predator calling as a sport.
- 2) Advance and promote the cause of good sportsmanship, conservation and outdoor recreation through cooperation with federal, state and local government agencies and through education of the public.
- 3) Promote the cooperation and goodwill of ranchers, farmers, sportsmen and public and private landowners.
- 4) To conserve wildlife through the taking of predators by sportsmen with the use of both electronic and mouth blown calls.
- 5) To inform and educate the public of the importance of maintaining a continued balance of wildlife through sport hunting and proper game management by Arizona Game & Fish Department exclusively.
