Presidents Message - Gary A

Another season has come and gone. With the end of the season comes elections. I wanted to thank all of the past board members and officers for their service and dedication. Also, thanks to everyone who stepped up to be new officers or board members. Be sure to thank Ray K. for his service as president.

There are a lot of events coming up over the next few months. The BBQ Campout is coming up May 13-15. This is always a great time to go camping, do some shooting, and hang out with friends and family. The Fishing Contest is going to be June 3-5. Craig and Gail B. have volunteered to run this event. There will be good food and good raffle prizes. The trail clearing date is set for July 29-31. Gary A. M. will take charge of this event. This is always one of my favorite events. We will have a lot of fun, some good food, and do a little bit of trail maintenance.

I'm looking forward to helping the club over the next year. I would like to see more members at the meetings showing their support for the club. Be sure to volunteer to help out with one of the summer events. Remember that the club only succeeds if the members step up. If everyone helps a little, it makes it that much easier on everybody.

Thank you

Gary A. M.

Top Caller Novice

1st place Joe S. – 105pts – 7 coyotes

Top Caller Expert

1st place Wayne W. – 390pts – 26 coyotes

2nd place Craig B. – 360pts – 24 coyotes

3rd place Gary A. M. – 320pts – 12 coyotes, 4 bobcats

Top Shooter

Tie for 1st place Wayne W. and Craig B. - 25pts

Best of Seven

1st place – Craig B. - 14pts – tie breaker 21 coyotes

2nd place – Wayne W. – 14pts – tie breaker 20 coyotes

3rd place – Ken E. – 10pts

Six Month Hunt –

1st place - Craig B. & Wayne W. – 750pts – 50 coyotes

2nd place – Gary A. M. & Ricardo G. – 450pts – 15 coyotes, 5 fox, 5 bobcats

3rd place – Ken E. & Joe S. – 210pts – 11 coyotes, 1 fox, 1 bobcat

Season Harvest Totals – 97 coyotes, 38 fox, 8 bobcats = 143 total

Proposed Bi-Law Changes

To be voted on May General Meeting

The Board of Directors have proposed a change to the by-laws that will be brought to the general membership meeting in April. The proposed changes are as follows:

Article II, No. 2 - Remove the discourage of electronic callers

Article III, No. 2e - The update of the change of membership fee that was change a couple of years ago

Article III, No. 7 – remove entire item

Article IV, No. 4 – amend the lifetime membership to include an annual \$25.00 maintenance fee after the first year.

Article V, No. 1 – update the day of the monthly membership meeting to Wednesday

Article VI, No. 7 – Remove the requirement of 2 signatures on checks.

Article VII, No. 2 – amend the number of directors on the board to a minimum of 3, but no more that one per hundred.

The entire by-laws are on the website if you want to review the entire document. We will be asking for a vote of the membership to approve these changes.

DVPH—By Ron H

Welcoming New Members from DVPH

Don
Alex
Jake
Logan
Daniel
Randy
Christopher

On March 25, 26 and 27 PVCI held our hunt for veterans (DVPH). Everyone enjoyed themselves. It was an honor to host the four veterans and thank them for what they have done for our country and us with their service in the military. For the first time we had a veteran from each branch of the service, Marines, Navy, Army and Air Force. Memberships were given to the four veterans and we hope they will take an active part in the club by coming to meetings and hunting in the future.

As most of you know, late March is not always the most productive time to hunt predators, especially coyotes. By this time of the hunting season the predators have been educated by calling and being shot at. Coyotes are pairing up and looking for dens. Coyotes were heard but they didn't want to come into the calls, whether e-calls or hand calls. A number of coyotes were seen but most wouldn't come into range or present a good shot. Several were missed on running shots.

March 2022 DVPH

November 2021 DVPH

A grey fox was taken on Saturday and Gary A did a skinning demonstration. A coyote was taken on Sunday morning.

Ray K and I would like to thank all the volunteers who helped out as experts, assistants and camp help. Gary A, Nick D. Ken E, Hawk, Shawn G, Craig B, Dan K, Larry S, Bob and Patricia and Jennifer. BBQ from Rudy's was served on Friday evening. Gary A provided javelina sausage for the Saturday night meal of spaghetti and green chili bear meat for Sunday morning breakfast burritos.

A special thanks to Steve L. for pulling the trailer to the campsite on Friday and returning on Sunday to pull the trailer back to Phoenix even though he couldn't stay for the weekend.

Consider volunteering for a future DVPH. It is an experience I think you will enjoy and a way to repay our veterans for their service.

MEMBER REVIEW— MagnetoSpeed Sporter Ballistics Chronograph

By Wayne W

For this month's product review I wanted to highlight one of the products I use year round and have found it an indispensable part of my Predator hunting tool kit. The *MagnetoSpeed Sporter Ballistics Chronograph*. I purchased a Caldwell chrono years ago, and while I've been happy with it, some of the downsides of it send me looking for a more consistent option what would still fit within my budget. Retailing right at the \$179.99 mark I had to try this one out (www.scheels.com)

The MagnetoSpeed Sporter Ballistics Chronograph is a barrel mount chrono that fits barrels up to 1" and works with muzzle brakes and flash hiders. While not made to work with hot suppressors, I found it to work reliably, remembering to keep the suppressor cool so as not to melt the mount. The Magneto Speed chrono uses electromagnetic sensors instead of optical sensors, so it is NOT reliant on a perfect angle of the sun, it can be set up from the bench, and it won't blow over in the wind or trigger false readings when the party next to you at the range decides to do a magazine dump.

and now it's decided now that it doesn't want to work without additional fine-tuning and adjustments.

While adding anything to the barrel normally sends accuracy out the window, I found that even with the Chrono attached, accuracy was still excellent, and point of impact change was much less than anticipated.

The Sporter has multiple memory options for shots strings up to 12 rounds, but being spoiled by the Caldwell and it's iPhone integration and photo documentation, I found it a little difficult to retrace the patterns and ended up tracking the individual shots on a legal pad, but that also made it easier to switch rifles and reloads and still retrieve the accurate data. When compared to the Caldwell, I found the velocities to be approximately 10-12 fps faster, but attributed that to being a true muzzle velocity where the Caldwell is 5-7 yards downrange.

Pro's of this little unit are plenty, it's super easy to use, easy to carry and can be set up almost instantly anywhere you may be at, so I find I bring this unit out on a regular basis. Its accurate, doesn't require you to go downrange, doesn't require a tripod, and does not require the shooter and the chrono to be on level ground or shooting perfectly horizontally.

Cons mostly fall under the basic budget chrono guidelines, so digital integration with other devices is not possible with the entry level unit. But if you're looking for a basic chrono that is easy to use, consistent and easy to fit in your ammo bag, this may be just the unit for you!

Good Hunting my friends!!

The Sporter model comes in a small plastic box, roughly twice the size of a normal box of 223 ammo, so it's small enough to fit in my ammo bag along side an extra box or two of ammo, and I've found the size convenient enough that I end up bringing it on most trips. Being an analytical and accuracy minded guy, I check my reloads year round to gather data on pressure changes in all environments. I've found it very convenient as well when comparing different loads in different guns. As an example, I know the 52gr hollow points fly an additional 200fps out of my bolt gun versus the same round in my semi-auto with similar barrel lengths. When shooting at distance, that's a significant enough difference to have to adjust for elevation when that rock is giving you the stink eye from 500 yards.

Powered by a regular 9v battery, it's as simple as strapping it on the end of the barrel, tightening the strap with the nut, and letting 'er fly! I did find my setup worked best on the middle of the three sensitivity settings, and once I got set, I got very consistent readings, with errors being rare. No more frustrations with loading 10 test rounds and getting 8 errors like I had gotten on the Caldwell, or finding out that the sun that was working perfectly in the morning has now shifted

My Unit 10 Early Rifle Cow Elk Hunt

By Mike Forzano

I put in for unit 10 since my friend Kevin has a cabin just northwest of round mountain. We apply for the early and late cow hunt in unit 10 and got drawn for the early hunt in mid October. It's nice to sleep in a bed and this year the wood burning stove got some use. We paid the \$50.00 access fee to hunt on the Big Boquillas ranch.

I started my hunt Friday morning near where I had shot an elk several years ago near a stock tank. No luck this year so I looked for bedding areas on flat areas of north facing slopes. No luck again. About mid afternoon I decided to sit near a stock tank. There was a steady cold wind in my face where I sat about 40 yards from the waters edge. Nothing happened until sundown when a lone bull came down for a drink. He bugled on his way to the tank and when he laid down at the waters edge.

I started Saturday the same as Friday.

No luck seeing elk going to water early and no luck finding elk bedding areas later in the day. Since I saw the bull come down for a drink I sat in the same spot I sat on Friday afternoon. At sundown a different bull and 6 of his girlfriends came down for a drink. I put the crosshairs behind the shoulder of one of his girlfriends and shot. All seven elk ran away on the trail they used to get to the tank. I didn't see one drop but about 30 seconds after my shot I heard what sounded like difficult breathing. I didn't want to possibly bump the elk so I waited a few more minutes as it was getting dark. Fifty yards from the water was my elk! The 7-08 shooting a Hornady 139 grain GMX bullet did the job. I used my 7-08 since it shot the solid copper bullet very well being in condor country.

The saying that the work starts when they hit the ground is very true. I was by myself and it took just over 2 hours to get her loaded in my truck. This hunt was special to me since I shot my elk the day before my 60th birthday. I butchered her Sunday morning in my garage being very happy with my day early birthday present!

2nd Annual Eddie Murdock Memorial Turkey Hunt

By Tommy M

The 2nd Annual Eddie Murdock Memorial Turkey Hunt was a tough one. Very dry conditions and the birds weren't very cooperative.

The hunt was held in New Mexico, opening day was April 15th. Some hunters began at a different camp and joined Ricardo and myself at our camp late Saturday. One bird was taken at the other camp. In all, there was 15 people in camp from Saturday night until Wednesday, then everyone left but me. No birds taken during that time.

I hunted through the following Sunday. There were birds in the areas in the morning where Ricardo and I hunted. Called in one real close, but it came and went without either of us seeing him. We later concentrated on an area where there was water, birds roosted nearby, dominated by a loud, raspy hen. The toms did what she said and eluded us every day. We jumped a bedded bear one morning in the dark on our way in to setup. A herd of 10 elk was seen almost every day there, 2 different days coming in to drink while we were setup calling. Wolf tracks were found over our incoming footprints on the road on our way back to our vehicle. Also turkey tracks and strut marks on the road on top of our tire tracks.

I continued to hunt the water after everyone else left. The toms were gobbling every morning, but gave me the slip every time after getting orders from their hen. One day I had 24 birds come in, all hens except there was 1 young jake that was awkwardly trying to strut with all the hens he was with. He only had a button beard. I saw 1 bearded hen, only had a 2 inch beard.

Sunday was going to be my last day, so I decided to go back to the water in the evening to see if these toms were hitting the water late in the day. It was a good call as they came in about 5:30, 2 toms gobbling and 5 hens yelping in chorus, also playing grab ass with each other.

I was caught off guard when they showed up suddenly, as I had rolled over on my left side and elbow, trying to get some feeling back to my rear-end. I was next to a large fallen tree, the birds showed up on the other side. I couldn't sit upright or the hens would see me. They were only 20 yards away. They all started walking away, towards the tank, so I slowly raised the shotgun over the log and aimed at 1 of the tom's. It was a very awkward shot, and I missed! I took a better aim as they were running around anyway, and shot the tom solidly. By then the other tom ran off, along with the hens.

But hey, I got 1 of them! He weighed a little over 18 pounds and had a 9 inch beard.

May Announcements:

May 4: General Club Meeting

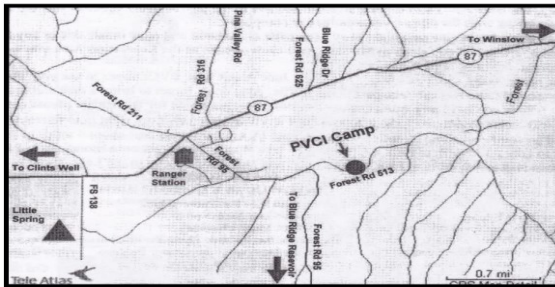

- Presentation—Joe S. on fishing
- Gary A. M. awards and pins

May 13-15: Club Barbeque Campout—Gary A. Lead

- Info below

May 18: Monthly Board Meeting

PVCI ANNUAL CAMPOUT & BARBECUE – We are planning on the Moqui Draw area near the Blue Ridge Ranger station as the location again which we have successfully used several times in the past. This Event is one of our most attended off-season Family-Oriented Events of the year. Typically, there are events scheduled for the youth & the adults. Most of the adult events are shooting events. Women & men compete separately in .22 rifle, .22 pistol, big-bore handgun & bowling pin & compete together in archery & muzzleloader shoots. The youth get to shoot in some of the events also, a lot depending upon the age and the number of youth present. The youth also have a BB Gun Shoot. In between the shooting look forward to some really good food & having a great time up in the cool pines. Hope that you and the family and friends can make it. Pres. Gary A is running this event, including all the shooting events! Volunteers will also be needed for various other duties.

Route #1: On Hwy 87 go through Payson ,Strawberry, & Clints Well. Stay on Hwy 87 to the first right (Fr 95) Past the Blue Ridge Range station. Take FR 95 South go approximately 1 mile to FR 513. Camp on the East side FR 513

Route #2: Go north on I-17 to camp Verde
Turn right on either Exit 287 or 288
Go East on Hwy 260 to Hwy 87.
Turn Left on Hwy 87 and
follow Route #1 Instructions

PLEASE only camp on the right side of FR 513 as you drive in. According to the NEW Coconino Forest Rules; PLEASE DO NOT camp more than 100 yards from the main road! You will probably be cited if you ignore this rule! Shooting will be on the left & again according to the New Rules Please DO NOT park more than 10 yards from the main road on the left side. * Keep ALL dogs on a leash. Portable toilet will be provided. Please clean up your camping area before going home. Pack out all trash & drown your ashes w/ water & dirt & scatter the camp fire ring rocks. Please bring canopies or tarps for shade, plus extra chairs & ice. **REMEMBER GUN SAFETY:** No loaded firearms in camp. Please No alcohol & guns. SHOOT ONLY when directed to do so & in designated area. Use the proper firearms for targets.

REGISTRATION: For Target Shooting Events: Cost is \$2.00 per shooter per event. All shooting events are to immediately follow each other. Times may vary. NOTICE: In most cases all events are shooting what you brought, all Optics OK – except no magnified optics for jug shoots. A Red- Dot sights (no projected laser beams) is considered the same as an iron sight as long as there is no magnification. No .22's on Bowling Ball Event.

SATURDAY'S EVENTS: Start Time: 8:00a.m. **SUNDAY'S EVENTS:** Start Time: 8:00a.m. .22 pistol – men, women, kids (10-16) 5 pin shoot – men, women, kids .22 rifle – men, women, kids Jug shoot - \$1 per shot: (buy as many as you like Gong shoot – Big bore pistol only – men, women, kids but only 1 shot taken until your turn rolls around Kids BB gun shoot?? or the jug is hit). Pull a number from a hat & that's LUNCH TIME (sorry, food not provided) your order to shoot. Archery Muzzleloader – men, women, kids Kid's calling contest* If we have at least 3 Kids!

Saturday Night DINNER: PVCI will provide (Steve L. will be cooking pulled pork as the Main Dish) till it's gone on Saturday night. The Club will also provide a grill for cooking on both Friday and Saturday. **PLEASE DO bring a POTLUCK dish/dessert to share!** Dutch oven cook-off also. Bring your favorite dish for the cook-off.

P.S. There may be PRIZES for the Top Men & Women's Shooter so PRACTICE UP!!!

June 15: Monthly Board Meeting

UPCOMING EVENT: PVC I ANNUAL FISHING CONTEST 2022
FREE FISHING DAY!!! PURPOSE: To find the BEST Fisherman
in the Club in both the adult & kids category. WHERE: Any
of the Northern Trout Lakes.

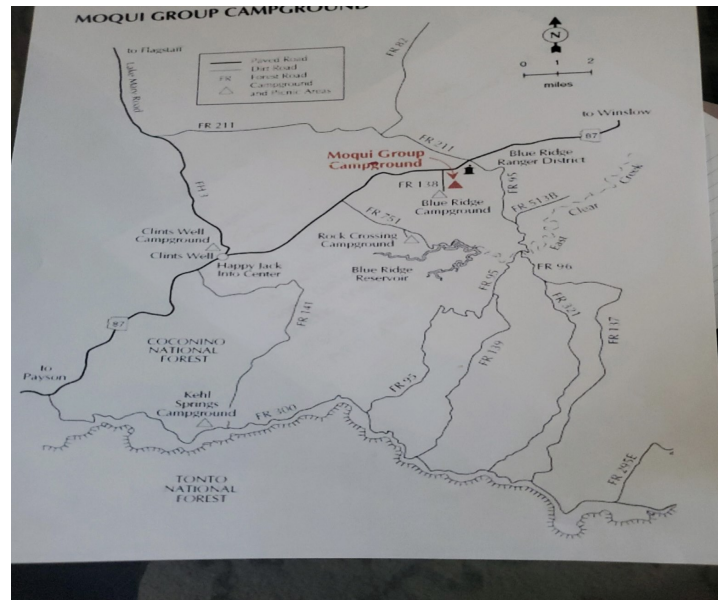

Official Camp Location being off FS Road 138 Moqui
Campground. (See Map below). Camping Friday Noon to
Sunday Noon. Campground only allows up to 22 ft Trailers.

DATE: Saturday June 04, 2022, FREE FISHING DAY. TIME:
Daybreak until 5:00 p.m. You can check-in anytime during
the day however the FINAL check-in will be between 5:00
to 5:30PM at the Official Camp Location on FS Road 138.

ENTRY FEE: None, in fact a fishing license is not even re-
quired as this is Free Fishing Day and no license is required
to fish on all public state waters except on the Indian Res-
ervations. . Contest Open to All PVC I Members plus their
families & friends (need not be a member) who may be
interested. There will be 2 categories: Adult – ages 14 and
older and children – ages 13 and under. 1st Place prizes
will be awarded for the longest fish and the longest string-
er. The longest stringer will be the total of all the fish
caught. We will start with a limit of 1 prize per person so if
the same person has both the longest fish and the longest
stringer, he/she will choose their prize first and the 2nd
longest fish gets the 2nd prize. NOTE: All fish species in
these 3 lakes are eligible for the Contest. The trout limit is
6 fish. In addition to the prizes for longest fish & stinger,
there will also be a Free Members & Guests Raffle! You
need Not fish in the Contest or be a member to be eligible
for this Raffle however you DO need to be present.

As soon as we get the fish officially measured & the Fish & Raffle prizes are all given out, it's time for our Potluck/Fish Fry Dinner at our Official Camp Location on FS Road 138 . This is a Potluck so please remember to bring a dish. Also, an extra frying pan, fish batter, aluminum foil, etc. to help with getting the fish fried up would be nice. We have really had some wonderful dinners in the past & many consider this the BEST part of the day, eating & mingling with the other Club members & company.

Tim & Eunice N.
Married 13 years

July Announcements:

If you would like for your Birthday, Anniversary or other Special Event to show here?

Send your info to pvcigroup@gmail.com

July 6: General Club Meeting

- Ray K. - Yard Sale

July 18: Monthly Board Meeting

July 29-31: Trail Clearing

- Gary A. M. Lead

Can you believe that it will soon be that time of year again? Time to head north and clear/maintain the See Canyon Trail, a Forest Service Trail that **our club has maintained since the 1960's!** What is the **PVCI** Trail Clearing? The See Canyon Trail FS184 is a hunter/survival trail that runs from the top of the Rim near Promontory Butte down to Christopher Creek & is used by many hikers, hunters, horse riders, etc. Basically, instead of taking the roads all the many miles around to get off the Rim and to the bottom, this Trail will get you off the Rim in only 3.2 miles!

PVCI members mark your calendars for the weekend This will be the dates for the Annual PVCI Trail Clearing. The actual work will take place on Saturday July 30 however many members use this Event as an excuse to spend the whole weekend out of the Desert HEAT! The plan is to meet the Forest Service person or our person-in charge at the top **PVCI** sign off FS Road 300 (where the See Canyon Trailhead begins) at 9:00a.m. on Saturday morning. Here we will pass out the tools & take a **PVCI** Trail Clearing group photo by the **PVCI** sign, then split into upper & lower crews. **PVCI** will be offering water/Gatorade for refreshments. Volunteers need to bring all other supplies, gear, food & water for the weekend. **Fire restrictions permitting**, we will be camping off FS Road 84. This Road is on the Rim Road or FS300 past the Woods Canyon Lake Turn-off but before the Bear Canyon Lake turnoff. If you show up Friday evening, expect a campfire (fire restrictions permitting) but bring & cook your own meal.

There will be a PVCI Hot Dog BAR-B-Q/ Potluck Dinner on Saturday evening (5:00P.M.) with the Club providing the Hot Dogs! Please Remember To Bring A Dish!

This Trail Clearing Dinner has really turned out nice over the many years & is most definitely worth sticking around for! We will also traditionally have a Potluck Breakfast on Saturday morning before the work begins.

We'll need some extra breakfast items such as sausages, bacon & eggs, pancake batter, etc. Some extra frying pans, mixing bowls etc. would help, heck extra cooks too! Be sure to take your raingear as brief afternoon showers in the high country are common!

This is a family affair so do PLEASE DO Bring Them. Friends are also invited. Don't forget the POTLUCK DINNER items! Hope to see you at Camp and on the Trailhead! Questions call Gary M.

DIRECTIONS: From Phoenix take Hwy 260 to FS Road 300 (the Rim Road), turn left. Take FS Road 300 to FS Road 84 and turn right. They say there will be marked PVCI signs to direct everyone. The campsites will be on FS84. A PVCI member may go up early, so they can secure sites to accommodate the Club on FS Road 84.

Aug Announcements:

If you would like for your Birthday, Anniversary or other Special Event to show here?

Send your info to pvcigroup@gmail.com

Aug 3: General Club Meeting

- Novice Meeting & Boot Camp Discussion

Aug 12-14: Boot Camp

Ray K. & Joe S. & Ken E. Leads

Aug 17: Monthly Board Meeting

***** REGISTRATION: Please do pre-register so that we have an idea of how many to expect. To pre-register as a participant <https://register-ed.com/events/register/>**

Keep a lookout for Registration to become available

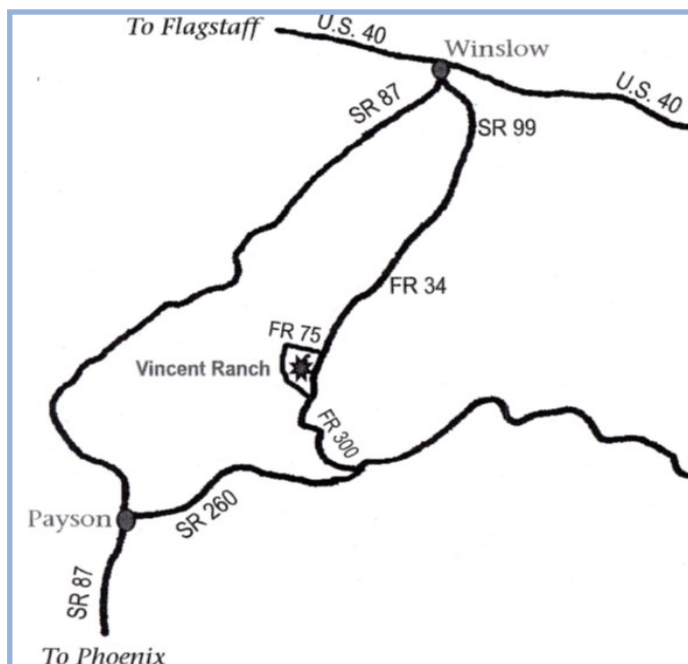

The plan is for a limit of only 75 students.

Mentors we need you also. Please pre-register as a mentor or helper at <https://register-ed.com/events/register/>

Keep a lookout for Registration to become available

MAP & DIRECTIONS TO VINCENT RANCH

Vincent Ranch Directions: From Phoenix take State Route 87 to Payson. From Payson, take State Route 260 east to the top of the Rim. Turn left at the Woods Canyon Lake turnoff onto FR300 (the Rim Road). FR 300 intersects with FR34 at the T. Turn right at the T onto FR34. FR34 intersects with FR75 twice. Turn left onto FR75 at the second intersection. In less than a mile you will see a road on the left. Turn left and take this road (a two-track) to Vincent Ranch.

THE "GEORGE KNOX/ RAY EVRIDGE MEMORIAL" VARMINT CALLING BOOT CAMP

The Phoenix Varmint Callers, Inc. (PVCi) is planning its own Varmint Calling Boot Camp in conjunction with AZGFD & the AZ. Elk Society and the Arizona Predator Callers (APC). The idea being to make the predator seminars an in-the-field experience. This Boot Camp is for both youth & adult. Friday is just for camp set-up & a late meal. On Saturday the 13th, members of PVCi will give seminars related to predator-calling covering a variety of topics & answering your questions. The AZGFD may also say a few words. Then around lunchtime the different groups will be paired with a mentor for a hands-on predator hunt! Sunday morning will feature more hands-on hunting if desired. The idea of having predator instruction in the outdoors was thought about by our own beloved, the late George K./Ray E The AZ.

Elk Society will provide meals & APC will also be on hand to provide support during this event. So, if you've any interest in learning how to successfully call-in predators, then this Camp's for you. More info at www.pvci.org

WHO: PVCi will conduct a "Varmint Calling/Hunt Seminar" covering all aspects of calling in critters.

WHEN: August 12-14, 2021. Please Pre-Register:

WHERE: The Boot Camp campsite will be at Vincent Ranch (See map & directions below).

Cost: Free to all, adult, youth & family. Come on out & learn instructions from hunters who have harvested many critters. We plan to go hunting too! Camping is free but there is only enough room for tents & vehicles on the Ranch. The Ranch is NOT big enough for the big camp trailers & such. You may find a spot to camp outside of the Vincent Ranch area on National Forest land which is public land. Bring a stool for use in class & hunting. Bring your camouflage, calls & if you have a shotgun or rifle bring them also, as the plan is to go hunting sometime during the weekend.

FOOD: Meals provided Friday evening, Saturday morning, afternoon & evening & Sunday morning.

***** REGISTRATION: Please do pre-register so that we have an idea of how many to expect.**

MEMBERSHIP CHAIRMAN:

Please, do not forget to renew you membership to stay a current PPCI Member! The fee to renew remains \$35 and should be made payable to PPCI. Send payment to PPCI c/o Membership Chairman, P.O. Box 87153, Phoenix, AZ. 85080-7153. For new members the fee is \$45, and forms are available at the Monthly General Meeting. Questions: Contact Ruth S. 602-524-3586.

You can also pay at <https://ppci.org/membership>

PPCI Membership Count: 92
