The City of Fifty Lakes established the Fifty Lakes Lake Improvement Program in 2019 and 3 of the FLPOA Board members serve on the Advisory Committee along with 1 city council member and 1 city administrator. There is money committed in the City budget to help in the cost of treating AIS should a lake become infested. Prevention is the least costly and that is why it is important for everyone to follow the DNR guidelines when moving water craft, bait, docks and lifts from one body of water to another.

Please be respectful of the DNR inspectors working our public landings!

Fifty Lakes Land Use and Shoreland Alteration Permits are Required
