JOB OBJECTIVE: PRIME MINISTER

Forecast long term events, plan for successes and avoid disasters, through my own life has been full of both. Successfully interpret dreams, and do very little physical work as my gifts center around my strategic planning and organization and management skills.

- ✓ **Dream Interpreter:** With God's help, I can often interpret the meaning of one's dreams, even when the interpretations are unpopular or misunderstood.
- ✓ **Household Herculean:** Great organizer of human and financial resources to achieve maximum efficiency in many major households and penal institutions.
- ✓ **Favored Son & Distrusted Brother:** Viewed as a pest, braggart, arrogant little brother, often shunned, pushed-around or ignored by family members (except my father, Jacob, who always liked me best).
- ✓ **Scapegoat:** Often successfully blamed for doing things which I did not do nor intend to do. It is interesting how I often get falsely accused by friends, family, supervisors and strangers.
