**Max HP Capacity:** 90 HP (67.11 kw)

**Fuel Capacity:** 19 gallons (71.92 l)

**Bottom Width:** 64" (162.56 cm)

## DESCRIPTION

### Stinger 178

The Lowe Stinger 178 finds the perfect balance between serious fishability and best-in-class features. From providing a super-stable fishing platform to super-fast hole shots — not to mention sleek styling upgrades inside and out — it's the midsize bass boat that offers it all. The Stinger 178 features a wide 94" beam to provide over 70 square feet of fish-fighting space. An industry-leading 90 horsepower Mercury outboard gets you to your fishing spot fast and can handle higher speeds, greater stresses, and bigger fishing action than the competitors. Tournament-style seats are more usable and comfortable than ever for longer days on the water. Complete with lockable rod storage, two livewells, a Lowrance fishfinder and a MotorGuide trolling motor, this is the serious tournament-style bass boat designed to outperform the competition.
