# The Photographic Society of America Worldwide

The Photographic Society of America worldwide is a nonprofit organization that was established in 1934 for photographers and photographic organizations. The Society has members in over 60 countries.

The PSA Mission is to:

- .Promote the art and science of photography as a means of communication, image appreciation, and cultural exchange.
- .Provide education, information, inspiration, and opportunity to all persons interested in photography.
- .Foster personal growth and expression, creativity, excellence, and ethical conduct in all aspects of photographic endeavor.

## The PSA Youth Showcase

The Society and its members have witnessed the positive role that photography can have in the lives of young photographers. PSA encourages the younger generation to learn and share the enjoyment of photography; and to use photography as a means of self-expression and personal growth.

To promote youth photography, PSA sponsors the PSA Youth Showcase, a juried exhibition of print and projected photography by high school students 14 to 18 years of age. The Showcase gives encouragement and confidence to students by providing an opportunity to exhibit their photographic vision outside their school and neighborhood.

## The Youth Showcase Sponsor and Sponsor Representative

Any PSA member camera club, council/federation of camera clubs, or PSA Chapter may be a sponsor of a high school and its participating students. The Sponsor designates a member of their organization to be the Sponsor Representative who will be the liaison between PSA and the school's teacher. The Sponsor Rep provides the entry information to the teacher and assists with the uploading of the entries. Often the members of the sponsoring organization interact with the students through critiquing or providing photographic advice.

# The PSA Youth Showcase Exhibition

The first Youth Showcase exhibited 55 prints from 6 states at the PSA Conference in 1992. This year, 90 high schools from 13 US states and 1 overseas country participated in the 2024 Youth Showcase. From 746 entries, judges selected 358 images for exhibition at the 2024 PSA Photo Festival in Tucson, AZ. The juried images were 174 prints and 184 digital projected images.

## Entries

There are two sections: prints and digital projected images.

- . Each section has six categories: Architecture, People or Animals, Photojournalism, Color Choice, Monochrome Choice, and Scapes.
- . Each student can submit two images in each of the two sections.
- . Each school can submit only eight images in each of the two sections.
- . Each section was judged by three qualified PSA members to select “accepted” images for display in the exhibition and award a 1st, 2nd, 3rd in each category, and additionally three HMs in the two Choice categories.

## Awards

The students with Place and HM award images receive monetary prizes and one-year PSA digital memberships. The first-place students with their award-winning images are featured in the September PSA Journal. All exhibiting students receive a certificate and this brochure; and all exhibited images are in a video program on the PSA website’s Youth Showcase webpage at: <https://psa-photo.org/page/youth> .

*For more information on how to become involved with the PSA Youth Showcase, please contact the Youth Showcase Director at: [www.youth-showcase-director@psa-photo.org](mailto:www.youth-showcase-director@psa-photo.org)*
