SHORT DESCRIPTION	60K MRCOOL® Hyper Heat Central Ducted Air Handler
LONG DESCRIPTION	<p>The 60K MRCOOL® Hyper Heat Central Ducted Air Handler offers an exceptional solution for your home's heating and cooling needs, regardless of the outdoor climate. Its efficiency results in utility cost savings, and it boasts a remarkable SEER2 rating of up to 15.3 and an HSPF2-4 rating of up to 9.4, attributable to its advanced heating capacity. Constructed with painted galvanized steel, this sturdy unit features a side-discharge layout, slide-out blower, self-diagnostics panel, and removable filters for easy upkeep. Effortless installation is possible for an HVAC technician, as the unit is designed to work with the optional MRCOOL® No-Vac® Quick Connect® Line Set. Pre-charged with eco-friendly R410-A refrigerant, this line set does away with the need for vacuuming or flare welding, is kink-resistant, and allows for various installation configurations. The handler also includes a wired thermostat and wireless remote, with an additional heat kit available for purchase if needed. In the rare occurrence of operational issues, the air handler is supported by a reassuring 10-year warranty for parts and labor, providing peace of mind. Moreover, there is no need for registration to access the included labor warranty.</p>
