Shotgun Sport Ranges Closed

The shotgun sports ranges on Tuesdays and Saturdays will be closed beginning November 29th. It is out of an abundance of caution for our shooters and range officers that this is being done. I will reassess the closure in January 2021.

COVID-19 cases and incidences are occurring at a disturbing level. Most of our shooters have underlying conditions and the range officers deal directly with all the shooters. I believe the health and safety of all those who participate comes before our shooting pleasure and fellowship.

I'm hoping to make arrangements to clean up each area, the machines, and miscellaneous equipment so we can be ready to get back to shooting without delay when this "brake" for safety period is over.

Keep informed by following finandfeatherclub.org or contact me.

Thank you, Bruce Rosema

MUCC Camp for Kids

Due to Covid-19, MUCC Camp for kids has been cancelled for this year. The kids that were signed up will have a chance to go to the camp next year. If you know of a kid that would like to attend the camp in 2021, contact Cindy at 231 757-3515 or by e-mail at cgleasonff@gmail.com.

The club pays for all expenses. The only thing you have to do, is get the child to the camp and home. You can check out the camp at www.MUCCCamp.com.

NRA

If you would like to become a NRA member or if you need to renew your NRA membership, contact Keith Anderson at 586 536-1656 or by e mail at cleatus81@yahoo.com.

The cost is cheaper going through the club and the club gets a profit from new memberships

Women's Open House

The Fin and Feather Club of Mason County hosted a Women's Open House on Thursday, November 19, 2020 at the Fin and Feather Club. The Open House was open to all community members and ran from 6:00 p.m. - 8:00 p.m. The focus of the event was to share information regarding opportunities for women to grow as shooters in a safe, friendly environment.

Fin and Feather Club members shared information on the Women Shooting Opportunities, Ladies Pistol Classes, Concealed Pistol License (CPL) Classes, The Well-Armed Women Organization, Sporting Clay and Cowboy Action shooting. Thank you to all of the volunteers that helped make the event a successful one.

Additionally, the *Fin and Feather Club of Mason County* would like to thank the NRA for making an investment in the community by awarding the Club a grant totaling \$3300.00. A portion of the funds will be used to grow the women's shooting programs by creating educational opportunities for women with respect to firearms and the NRA Qualification Marksmanship Program.

Sheri Skridulis greets the Women's Open House Guests.

Nita Finch and Kate Burns share Fin and Feather Club information

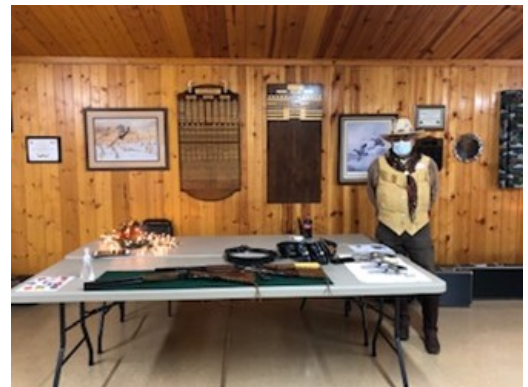

Jim Glover and Susie Martin provide information on Ladies Shooting, Basic Pistol and CPL Classes.

Bruce Krieger and Tami Johnson provide sporting clay shooting information

Roger Lehrbass displays Cowboy Action firearms.

Susan McCray-King answered questions and directed the participants to the pistol range.

Frank Koehle shot this 8 point on opening morning using his Dad's 742 30-06, which he purchased for his Dad back in 1966.

Lance Christensen harvested this 8 point with his Marlin 30-30 at 60 yards on opening day.

Kate Burns, first time hunter and using her Grandpa Bruce's 243 and hunting out of his blind, harvested this 8 point at 30 yards.

Jim Glover harvested this nice 8 point with his bow on October 25 in Pentwater.

Hemlock Woolly Adelgid located in Mason County

Hemlock woolly adelgid (HWA) is an invasive insect pest, originally from Japan, that can be seen on Hemlocks by the white woolly masses at the base of the needles. The insect feeds on the sap of the tree, depriving it of nutrients and causing it to die. It is only known to attack hemlock trees, but has caused mass die offs in at least 19 states along the east coast. Hemlocks are a very valuable tree ecologically, providing winter cover for mammals, nesting habitat for certain species of birds and shade cover for streams, helping to keep temperatures down in our cold water streams, improving trout habitat.

HWA was found in Summit Township of Mason County last winter, and more recently at Ludington State Park. Thanks to collaborative efforts between the Michigan Dept. of Natural Resources, regional CISMAs (Cooperative Invasive Species Management Areas) and regional Conservation Districts, treatments were underway in 2020 to protect the infested trees and those in surrounding areas.

Mason-Lake Conservation District staff will continue survey efforts in winter '20 – '21 as was done last year on private property, local campgrounds, township parks, etc. to determine if HWA has spread to other areas of the county. Most efforts are focused within 5 miles of Lake Michigan, as HWA is not known to occur further inland. If located, this will trigger a regional response to containing the infestation and working with the landowner to provide treatment on infested trees. We do not want this insect to continue spreading north!

What you can do:

Contact the Conservation District for a free site visit to check out your trees. Call (231) 757-3707 ext. 5

Keep an eye on your trees! Look at undersides of branches in December through March for small, white woolly balls. You can see them with the naked eye, or use binoculars to see higher branches. If found, note the location of the tree and, if possible, take photos of the infested branch. To avoid spreading HWA, do not collect sample branches or twigs. Report the find using one of these methods:

Email information or pictures to mason-lake@macd.org

Use the MISIN smartphone app from your app store or visit www.misin.msu.edu

Be mindful of your hunting and camping gear, RV's etc. If you are in areas with hemlock trees, just brushing against an infested tree could bring these insects along for the ride! Run clothing through a dryer and wash or brush off gear and vehicles before moving to a new area.

Remove birdfeeders from areas where hemlock trees are present. Birds may carry these insects to a birdfeeder where they can be picked up and transported by other birds.

Construction equipment could also spread these insects and other invasives. Ensure they are washed or brushed off before entering and leaving sites!

Learn more at www.Michigan.gov/HWA

Upcoming Elections

At the January 13, 2021 club meeting, the assembled club members will have the chance to vote for the candidate of their choice for 2021 Fin & Feather Club officers and Board of Directors. The officer positions are elected every year. The officer positions are as follows: President, Vice President, 2nd Vice President, Treasurer, Recording Secretary and Membership Secretary. There will be 5 Board of Directors chosen at that time for a term of 2 years. The only requirement is that you have to be a club member for a year and have a desire to represent the best interest of all the club members. An absentee ballot is included in your newsletter so you can vote without having to come to the January meeting. It is available to any club member of good standing and who is 18 years or older. The ballot must be filled in and signed by the requesting club member and sent to the election chairperson (Nita Finch, 9441 N. Darr Rd., FreeSoil, MI 49411).

This is your club, you can decide who is going to represent your concerns.

Here is a list of the candidates: (nominations will still be accepted from the floor at the January 13th meeting)

President: Chris Shimmel (running for re-election) ; 1st Vice President: Lance Christensen (running for re-election); 2nd Vice President: Rick Singleton (running for re-election) ; Treasurer; Cindy Gleason (running for re-election) ; Recording secretary: Dick Herrmann (running for re-election) ; Membership Secretary:

Nita Finch (running for re-election)

Board of Directors: Keith Anderson (running for 1st time Board); Russ Bosley (running for re-election); Jim Glover (running for re-election); Din Henry (running for re-election); Mike Hill (running for 1st time Board); Ross Kissell (running for 1st time Board); Frank Koehle (running for re-election); Diane Zack (running for re-election)

Here is a little something about the ones that are 1st time running for the Board:

Keith Anderson: I have been a member of Fin and Feather of Mason County for 3 years. I enjoy shooting Trap. My vision for the club is to help care for the lands around Mason County. Also to help encourage the youth in the county to learn about the wonderful area and to teach them about fire arm safety. I am the clubs NRA representative. I appreciate the support you give and the lessons I have received to achieve to a position on the board of directors.

Mike Hill: I have been a long time member of the club but because of my line of work I have not been able to be part of many meetings or volunteer for a position such as this.. I do get a chance to use the ranges and shoot a little skeet and trap at times along with handguns. A see a need for new Ideas and more members to get involved. I am able to now free up more time to do so. I currently help with the Big Game night and would like to see us keep moving forward to build and improve the rifle skeet and trap ranges. I have years experience working with contracts, and various state and government agencies that can help in dealing with range improvements. and changes. I feel I can add a new prospective to the club and help move things forward with our goals.

Ross Kissell: I have been a member of the Fin & Feather Club for about 4 years, this time, I like to think that the best thing I can offer the club is that I am an organizer and planner, wanting things that I am involved in to run smoothly. I am also very safety orientated and that is another item that the club needs to constantly review to make sure that all shooting ranges, etc. are being used safely. Some additional things I would like to see the Club complete in the near future are as follows, redoing the septic system, review access to the grounds as there are members apparently giving out the gate code, allowing non-members to enter the grounds alone and use the gun ranges, and I think that the Club needs to put an addition to the upstairs main room. I assisted Rick Singleton with the 2019 Plaid Shirt night and am semi-retired, owning and operating a small safety training and consulting company and I am the Training Officer for Pere Marquette Fire Dept.

Happy Holidays
