

Hello Neighbor,

I'm not sure if you've heard yet, but we are working to Preserve the Natural Beauty, Serene Peace that surrounds us, and Expand Community Connection, Awareness and Education regarding Wind Turbines and Green Energy trying to work it's way into the fabric of our lands. As you may know a company has been calling around the area and surrounding areas trying to get land owners to sell or lease their property and surface rights for extremely tall and wide wind turbines. As we understand it, these wind turbines are projected to be 600 feet tall, with 200 yard radius blades, and will have Flashing Red FAA lights.

Many of us are deeply concerned about the following:

- * Our Beautiful Serene Colorado County Big Sky Star Views and Sunset Views being Destroyed
- * Overall Health and Wellbeing People get sick from the Sound, Vibration, Flickering Light & Shadows, as well as the FAA Flashing Red Lights EVERY night for the rest of our lives.
- * Huge Decreases in our Property Values- Estimated 25-40%- or even Unsellable
- * Forced Easements on Your Property, even if you choose NOT to sign up
- * Contracts of minimum 25years with options to extend, may outlive You, leaving a massive burden for generations
- * Being Surrounded by Wind Turbines twice as tall as the Statue of Liberty, or maybe even bigger
- * Less Tourists, Visitors, & Hunters to our County = Less Small Business Sales & Reduced Sales Taxes Collected
- * Bald Eagles & other Wildlife Negative Impact with NO Environmental Impact Study or protection from Endangered Species Act (Wind Turbines are protected)
- * Groundwater Contamination from leaks, fiberglass fibers
- * Wind Turbines have been catching Fire Regularly across the World, our Fire Departments are not prepared for that.
- * Subsidies, Abatements, Chapter 312= Spending more Tax Dollars we don't have for Corporate Gain vs the best interest of our County
- * Domino Effect- Once it starts more wind, hydrogen, battery storage &/OR solar projects think they are welcome and follow the lead
- * These companies go Bankrupt Regularly, Then who takes over your lease? Often Abandoned Sights with no Remediation or Follow Up
- * A Desire to be a good neighbor, protect our beautiful land, and leave a great legacy
- * Treat others as you would like to be Treated, Teamwork is the Dreamwork, A Strong Community is a Successful Community

If you are Concerned too, &/OR want to Learn more, please join us!

Here's How:

- * Visit www.CoCoTxSaysNo.org
- * Sign the Petition
- * Sign up for our Newsletter
- * See how you too can Volunteer
- * Make a Donation towards the Cause of \$15 or more and Receive a Sign for your yard
- * Watch the Tucker Carlson Expose (Google Tucker Carlson Wind Turbines)
- * Join our No Wind Turbine Colorado County Facebook Page
- * Follow along @CoCoTxSaysNo on Instagram (there is more info on the FB Page but Events will be posted here if you prefer IG)
- * Please Come to the Next CoCoTxSaysNO Event- We will continue to add Events, Education, Community Connection, Invite Speakers, and Coordinate Together
- * Most Importantly ask questions, talk to your friends, family, and neighbors, use discernment, these are HUGE choices coming our way and the choices by each of us determines the future of our County, our Children, and Generations to come! The Time is NOW to protect our Land, Freedom, and the Beauty that Surrounds us!
