A Cowboy Camp That Changes Lives

**FAITH IN ACTION
RANCH HAND CAMP**

WWW.RIDEPROSPEROUSLY.COM

RPM Ranch Leadership Character-Growth Camp is an outreach of Ride Prosperously Ministries.

Ride Prosperously Ministries is a non-profit organization and relies on donations and tuition to facilitate its day-to-day operations. Founded in 2023, the purpose of the ministry is to utilize the influence of animals, especially horses, to help young men find direction, identity, and hope in life.

RPM Ranch Summer Camps of 2025

There will be two, three-week blocks of camps and one one-week camp.

Each Three week block will consist of three one-week camps that will build upon one another and sync with one another. All three camps of each block are intertwined and will be best experienced by participating in all three.

We will fill three week block applicants first and then we will fill one week applications if there are any available openings.

Campers will be attending church services at Faith Baptist Church during the weeks of their stay at RPM Ranch.

FAITH IN ACTION RANCH HAND CAMP September 27 - October 4, 2025

A focus on real life ranch work and faith with and an introduction to horse showing and livestock sales.

A Christ-centered camp where young men engage in practical ranch work, while developing a deeper understanding of God's call on their lives. Through service projects, devotionals, and hands-on work, campers will learn the importance of integrity, hard work, and faith as they build a foundation for both their future and their spiritual walk. This is a week where young men develop necessary ranch hand skills learning how to care for, prepare, and present horses to the public. This is real ranch work and a unique experience where the culmination of a year's work is realized and rewarded through a real life presentation and an auction.

The participants in this week-long camp will experience the final stage of animal husbandry. Here they will have the exciting opportunity to see livestock that was raised and cared for on the ranch transfer to a new owner starting it's own exciting journey into a new future. They will learn why a ranch does what it does.

Each morning will begin with prayer and a Bible lesson encouraging young men to connect their work on the ranch with the principles taught in the Bible. There will be campfire reflection services throughout the week encouraging each participant to prepare his life for success and happiness through a deeper relationship with Christ and a better understanding of God's love.

This week will prove to be an insightful experience that will encourage young men to be honest, hard-working, and selfless.
