**Butcher Jones Recreation Area--Saguaro Lake Nature Trail. Rating C.** This is a 6.1 mile out and back hike with an elevation gain of 760 feet. Trailhead is at the Butcher Jones Recreation Area on the left side of the beach area. Trail is an undulating trail over open desert area. On a clear day you can see Four Peaks across the lake at the turnaround point of the hike. After good winter rains, there will be over 2 dozen different wildflowers blooming in April, including many types of cholla cactus. There are scenic views of the wilderness area and the surrounding peaks. There are restrooms at the trailhead. There is a park admission fee of \$7.00 per car or \$3.00 with Golden Age Pass (get the Tonto National Forest passes at sporting goods stores in advance). Driving distance is approximately 120 miles roundtrip.
