

CAVE CREEK AREA

Blue Wash/Camp Creek Falls Trail (Cave Creek) Rating C. This is a 7-8 mile loop hike with an elevation gain of 900-1000 ft. It goes down a series of dry waterfalls to an intersection with Camp Creek. Just past the intersection going up the ridgeline is a section of the Maricopa Trail. We take that up to the road. On the return we stay in an interesting wash, which comes out at Camp Creek. Then we go up Camp Creek about a third of a mile to a wet waterfall of about 15 feet. Beyond that the creek stays above ground and meanders through a lush riparian area to a campground. The return goes up the ridge running parallel to **Blue Wash**, providing views of the whole area. Trail condition – part is in a sandy wash and part is an average trail with one steep section going out of the main wash. No restrooms at the trailhead. There is no park fee. Driving distance is 122 miles RT.
