**Cave Creek, Cottonwood Trails (Seven Springs Recreation Area). Rating B.** This is a 10-mile in and out hike. From the Cave Creek Trailhead pick up the Cave Creek Trail #4 as it travels behind the campgrounds paralleling the road. The path crosses a dirt road (ignore the unsigned junction on the left, and remain on #4) and drops down beside Cave Creek to a junction with the left branching Cottonwood Trail #247. Turn left on #247 which crosses the stream then climbs a hill to the junction with the Skunk Creek Trail #246 which branches right. Stay left on the Cottonwood Trail which climbs a grassy slope dotted with: juniper, prickly pear and cholla cacti, scrub oak, cat's claw and sugar sumac. The path bends right and enters a wide gully, traveling along a hillside; first on the right, then on the left side, until you eventually reach a junction with the left branching trail #245 (which is not shown on the map, but I believe it leads to the Bronco Trailhead). The trail then begins climbing gently through an area of low rolling hills, past a fence then down the other side to follow a wash. Shortly after climbing out of the wash on the right, you'll reach a junction with the right branching Skull Mesa Trail #248 (5 miles). Turn around at this point. Restrooms are at the trailhead. No park fee for hiking. Driving distance is approximately 140 miles roundtrip. [SCG=9.3/2200/4.9].

### **Maricopa Trail South from the Bronco Trailhead (Seven Springs Recreation Area).**

An optional side hike is to drop down into the slot and go along it for a short distance. The 9.6-mile hike (1500 feet) goes up to a high point overlooking the entire area. There is no park fee despite approach signs along the road stating fees are required – this fee is for other forms of recreation, not hiking. There is a restroom at the trailhead. **Skull Mesa, Spur Cross Recreation Area (Cave Creek). Rating B.** 12.4-mile roundtrip with an elevation gain of 3180 feet. Skull Mesa Trail # 248 features panoramic views of the desert foothills. This is a good place to see deer, javelina, and snakes. This is not recommended for novice equestrians or inexperienced stock. Due to the tall grasses in the area, you'll find the rock cairns a useful guide to finding the path. From the west junction with Cottonwood Trail at an elevation of 3260 feet the trail climbs many switchbacks, gaining over 1000 feet in a mile. For next mile, traverse Skull Mesa reaching elevation 4560 feet, then drops to the junction with Quien Sabe Trail. The trail climbs and descends for 1.5 miles to its east junction with Cottonwood Trail. Directions from Cave Creek: Travel north on Cave Creek Road and turn left on Spur Cross Road. The trailhead is about 1.5 miles after the road turns to gravel. Porta-johns at the trailhead. Park fee is \$3.00 per person. Driving distance is approximately 110 miles roundtrip.
