Barnhardt Trail (Mazatzal Wilderness). Rating B, C. This is a 6.4–12.2 mile in and out hike with an elevation change of up to 1,900 feet. The trailhead elevation is 4,200 feet, the elevation gain and descent are 2,100 feet. The trail out is mostly up to the Mazatzal Divide. There are some nice views of the valley around you as you climb to the top. With luck and timing, you may come across some waterfalls as you make the climb (around the 3-mile point). Trail is very rocky in many spots and goes along an open edge of the hillside several times. There is no park entrance fee and no facilities at the trailhead. Driving distance is 208 miles roundtrip.

Directions to Barnhardt Trail -- Head south on PebbleCreek Parkway to I-10. Take I-10 East (left) to Route 202 East. Continue east of Route 202 to Gilbert Avenue (exit 14). Turn left on Gilbert Avenue and proceed to AZ 87 toward Payson. The turnoff (FR 419) is 4 miles beyond the junction with AZ 188 (rest stop). Turn left at FR 419 and follow it for 5 miles to the end. The parking area is fairly large. Barnhardt trailhead is located at the west end of the parking area.

Horton Creek (Payson). Rating B. This is an 8-mile hike with 1,060 feet. elevation change. The hike starts right outside of Payson. We will hike down to Horton Spring. The first 3 miles is pretty straight forward with the last ½ mile being a set of switchbacks away from the creek. The elevation change is gradual and is hardly noticed. Restrooms at the trailhead. No park fees. Driving distance is 220 miles roundtrip. [SCG=8.0/1200/3.7].

Directions to Horton Creek Trail #285 -- Head south on PebbleCreek Parkway to I-10. Take I-10 East (left) to Route 202 East exit onto Gilbert Road. Turn left on Gilbert Road to Route 87. Turn right on Route 87 to Payson. From Payson take 260 East for 16 miles to FR 289 which is Tonto Creek Road – just past Kohl’s Ranch. Turn left on to FR 289 and follow a mile to the Upper Tonto Creek campgrounds. The trailhead is near the slope up into the campgrounds. The parking is actually past the campgrounds across a bridge in a small lot. Park at the picnic area, cross back over the bridge then follows the road to the left that goes to the campground for about 150 feet where the trail to Horton Creek starts. Horton Creek Trail leads to the creek in 3.5 miles. The long way back is to take the Highline Trail #31 to the right for 3.0 miles, and then the Derrick Trail #33 for 2.5miles back to the Upper Tonto Creek Campground. The Highline Trail has some climbing for 1 – 1.5 miles and the Derrick Trail is rocky.

Tonto Natural Bridge, Fossil Creek Trail (Strawberry), Rating C. A pair of short hikes totaling about 5 miles (under 3 for Natural Bridge and 2.4 for Fossil Creek) with an elevation gain of about 600 feet. The bridge is a beautiful 180’ high, 150’ wide, 400’ long natural travertine bridge with lots of colors in the rocks. With a little climbing, you can cross right under it, or go up and around to see it from the opposite side. There are several places where you have to scamper over large boulders, but it’s more hiking than climbing. Fossil Creek trail has little elevation change, but lots of boulder hopping

that provides great views of many rapids and waterfalls. We will stop at a beautiful 15' waterfall. Porta-johns are at both trailheads. \$5.00 entry fee per person. Driving distance is approximately 280 miles roundtrip.
