

## CLIENT INFORMED CONSENT

I, \_\_\_\_\_, understand that NeuroOptimal is not used to diagnose medical disorders. While Zengar users may or may not be licensed health care practitioners, their use of NeuroOptimal is solely as a tool for brain training and optimization and not as a means of diagnosis or as a medical intervention.

I am satisfied with the information I have been provided (verbal, written or otherwise) by my trainer on the effects I can expect during my NeuroOptimal training and my questions have been answered to my satisfaction. I understand that it is not possible to predict what my central nervous system will do with the information it is offered and consequently there can be no guarantee as to the results of my training.

I agree to cease training if I am less than happy with the results I am getting. I understand NeuroOptimal is purely a source of information and does not direct the response of the central nervous system. Consequently, I agree to not hold Zengar Institute, Inc. or any of its users and trainers responsible for a less than desired outcome or any outcome that may be considered negative.
