

## Certification of Translation Accuracy

Translation of “**Dr. Julio García– Response Letter**” from “**SPANISH**” to “**ENGLISH**”

We, Rev.com, Inc., a professional translation company, hereby certify that the above-mentioned document(s) has (have) been translated by experienced and qualified professional translators and that, in our best judgment, the translated text truly reflects the content, meaning, and style of the original text and constitutes in every respect a correct and true translation of the original document.

This is to certify the correctness of the translation only. We do not guarantee that the original is a genuine document, or that the statements contained in the original document are true. Further, Rev.com, Inc. assumes no liability for the way in which the translation is used by the customer or any third party, including end users of the translation.

A copy of the translation is attached to this certification.

## CONABIOS

National Council of  
Bioethics in Healthcare

To: Dr. Julio Luis García, Biomolecular LLC  
Dr. Oresteban Carabeo, Biomedical

Cc: Dr. Lorenzo W. Hidalgo Nuñez, Ministry of Public Health  
Gustavo Montalvo, Ministry of the Presidency

From National Council of Bioethics in Healthcare (CONABIOS)

Distinguished Recipients,

We hereby wish to greet you, on the occasion of responding to your correspondence received on the 24<sup>th</sup> of February of 2014, and read by this Council at its regular session held on the 25<sup>th</sup> of February of 2014, wherein our approval is sought **for the Implementation of the Dendron Soma Electromechanical System for Type II Diabetes Mellitus, to be applied in the Dominican Republic.**

In this regard, the Council communicates: That under the provisions of Administrative Order No. 0000012, of the Ministry of Public Health and Social Assistance (SESPAS), dated October 10<sup>th</sup>, 2008, The National Council of Bioethics in Healthcare (CONABIOS), is the government agency responsible for regulating research involving humans in the Dominican Republic; Therefore, if a particular protocol does not correspond to a clinical investigation, it need not be authorized, known or approved by this Council. **It is not the responsibility of this Council to authorize, approve or disapprove treatments and procedures that are not part of a protocol for biomedical research.**

Without further ado, we send our sincere salutations,
