The President's Corner: Van N4ERM

GREAT SEPTEMBER AND EXCITING OCTOBER CFARS MEETINGS –

If you missed September's Program, you missed a good one. Our friend Zero W4WTL (aka Bill) introduced Paul English, Army MARS Program Director, who teleconferenced into our meeting from Texas. Paul gave us some background on the origins of Army MARS and its current involvement with Defense, FEMA and Homeland Security Communications. He answered several questions from CFARS members. The October Meeting is our annual "Show and Tell" Event. If you've built anything or discovered anything that solves a question or problem (antennas, keyers, filters, software programs, etc.), bring it to October's meeting and share your experience with all of us. Our friend Chuck KJ4RV shared this link with me. READ IT! READ IT NOW! <http://www.hamuniverse.com/fourdollarspecialw1qfh.html>

Nominations for CFARS Officers for 2018 –

Nominations for offices will be taken during the October monthly CFARS meeting, with voting for the 2018 Officers taking place at the November meeting. Calling for Newsletter Articles

CFARS needs your input to the newsletter. If you have installed a new antenna, mobile rig, made a piece of equipment, tried a new mode of operation or anything else related to amateur radio, take the time to write it up and include pictures. Each month the CFARS News needs your input. Somebody may be wanting to try something new and you just might be the one that spurs that interest or can help out a new or confused older ham. Newsletter articles and pictures can be emailed to cfars_newsletter@yahoo.com.
